#### 2.1.5. Share Capital

Shares have no par value. The share capital of the Company at all times equals the sum of the Net Asset Values of each of the Sub-funds.

### 2.1.6. Marketing in EEA states

In connection with marketing Shares in EEA States other than the United Kingdom, there are currently no special arrangements in place for:

- (a) paying in that EEA State amounts distributable to Shareholders resident in that EEA State;
- (b) redeeming in that EEA State the Shares of Shareholders resident in the EEA State;
- (c) inspecting and obtaining copies in that EEA State of the Instrument of Incorporation, this Prospectus and the annual and half-yearly long report; and
- (d) making public the price of Shares of each Class.

Accordingly, the provisions applicable to the marketing of the Shares in the Company in the UK shall also apply in these cases.

Shares in the Company may be marketed in other Member States and in countries outside the European Union and European Economic Area, subject to the Regulations, and any regulatory constraints in those countries, if the ACD so decides.

## 2.2. The structure of the Company

### 2.2.1. The Sub-funds

The Company is structured as an umbrella company, in that different Sub-funds may be established from time to time by the ACD with the approval of the FCA and the agreement of the Depositary. On the introduction of any new Sub-fund or Class, a revised prospectus will be prepared setting out the relevant details of each Sub-fund or Class.

#### **The Company is a UK UCITS scheme.**

The Sub-funds are segregated portfolios of assets and, accordingly, the assets of a Sub-fund belong exclusively to that Sub-fund and shall not be used to discharge directly or indirectly the liabilities of, or claims against, any other person or body, including the Company, or any other Sub-fund, and shall not be available for any such purpose. While the provisions of the OEIC Regulations provide for segregated liability between sub-funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to regulations 11A and 11B (segregated liability and cross-investment provisions) of the OEIC Regulations. Therefore, it is not possible to be certain that the assets of a Sub-fund will always be completely insulated from the liabilities of another Sub-fund of the Company in every circumstance.

The assets of each Sub-fund will be treated as separate from those of every other Sub-fund and will be invested in accordance with the investment objective and investment policy applicable to that Sub-fund. Investment of the assets of each of the Sub-funds must comply with the COLL Sourcebook and the investment objective and policy of the relevant Sub-fund. Details of the Sub-funds, including their investment objectives and policies, are set out in Appendix II.

The eligible securities markets and eligible derivatives markets on which the Sub-funds may invest are set out in Appendix III. A detailed statement of the general investment and borrowing restrictions in respect of each type of Sub-fund is set out in Appendix I.

Subject to the above, each Sub-fund will be charged with the liabilities, expenses, costs and charges of the Company attributable to that Sub-fund, and within each Sub-fund charges will be allocated between Classes in accordance with the terms of issue of Shares of those Classes. Any assets, liabilities, expenses, costs or charges not attributable to a particular Sub-fund may be allocated by the ACD in a manner which it believes is fair to the Shareholders generally. This will normally be pro rata to the Net Asset Value of the relevant Sub-funds.

### 2.2.2. Shares

Shares of different Classes may from time to time be issued in respect of each Sub-fund. The differences between Classes may be the minimum subscription, the minimum holding, the charges to be borne and/or the Class currency, as detailed in Appendix I. In most cases either income Shares or accumulation Shares are offered. The Classes currently available in each Sub-fund are set out in Appendix II.

Further Classes of Share may be established from time to time by the ACD with the approval of the FCA, the agreement of the Depositary and in accordance with the Instrument of Incorporation and the Regulations. On the introduction of any new Sub-fund or Class a revised prospectus will be prepared, setting out the details of each Sub-fund or Class.

The currency in which each new Class of Shares will be denominated will be determined at the date of creation and set out in the Prospectus issued in respect of the new Class of Shares.

The net proceeds from subscriptions to a Sub-fund will be invested in the specific pool of assets constituting that Sub-fund. The Company will maintain for each current Sub-fund a separate pool of assets, each invested for the exclusive benefit of the relevant Sub-fund.

Shares have no par value and, within each Class in each Sub-fund subject to their denomination, are entitled to participate equally in the profits arising in respect of, and in the proceeds of, the liquidation of the Company or termination of a relevant Sub-fund. Shares do not carry preferential or pre-emptive rights to acquire further Shares.

To the extent that any Scheme Property, or any assets to be received as part of the Scheme Property, or any costs, charges or expenses to be paid out of the Scheme

Property, are not attributable to one Sub-fund only, the ACD will allocate such Scheme Property, assets, costs, charges or expenses between Sub-funds in a manner which is fair to all Shareholders of the Company.

Where a Sub-fund has different Classes, each Class may attract different charges and so monies may be deducted from the Scheme Property attributable to such Classes in unequal proportions. In these circumstances, the proportionate interests of the Classes within a Sub-fund will be adjusted accordingly. Also, each Class may have its own investment minima or other features, such as restricted access, at the discretion of the ACD.

Shareholders are entitled (subject to certain restrictions) to Switch all or part of their Shares in a Class or a Sub-fund for Shares of another Class within the same Sub-fund or for Shares of the same or another Class within a different Sub-fund of the Company. Details of this switching facility and the restrictions are set out in paragraph 3.4 "Switching".

#### Registered Shares

All Shares are in registered form. Certificates will not be issued in respect of Shares. Ownership of Shares will be evidenced by an entry in the Company's register of Shareholders. No bearer Shares may be issued by the Company.

At least once per year the ACD will send a statement to each person who holds shares or has held shares since the previous statement. Where shares are jointly held, statements are sent to the first named Shareholder. The statement will describe the current holding(s) of Shares at the date of the statement and any transactions in Shares since the date of the last statement. Individual statements will also be issued at any time on request by the registered Shareholder.

#### Larger and Smaller Denomination Shares

Shares will be issued in larger and smaller denominations. There are 1,000 smaller denomination Shares to each larger denomination Share. Smaller denomination Shares represent what, in other terms, might be called fractions of a larger Share and have proportionate rights.

#### Class of Shares

The Prospectus currently provides for B Class Shares and C Class Shares (only available to active clients of the Investment Manager).

#### Income and Accumulation Shares

Each Sub-fund may issue income and accumulation Shares. Further details of the Shares presently available for each Sub-fund, including details of their criteria for subscription and fee structure, are set out in Appendix II.

Holders of income Shares are entitled to be paid the distributable income attributed to such Shares on any relevant interim and annual allocation dates.

Holders of accumulation Shares are not entitled to be paid the income attributed to such Shares, but that income is automatically transferred to (and retained as part of) the capital assets of the relevant Sub-fund on the relevant interim and/or annual accounting dates. This is reflected in the price of an accumulation Share.

Where a Sub-fund has different Classes, each Class may attract different charges and so monies may be deducted from the Scheme Property attributable to such Classes in unequal proportions. In these circumstances, the proportionate interests of the Classes within a Sub-fund will be adjusted accordingly.

Shareholders are entitled (subject to certain restrictions) to Switch all or part of their Shares in a Class or a Sub-fund for Shares of another Class within the same Sub-fund or for Shares of the same or another Class within a different Sub-fund of the Company. Details of this switching facility and the restrictions are set out in clause 3.4 "Switching".

### **3. BUYING, REDEEMING AND SWITCHING SHARES**

The dealing office of the ACD is normally open from 8.30 a.m. to 4.30 p.m. (London time) on each Business Day to receive requests for the purchase, sale and switching of Shares. The ACD may vary these times at its discretion. Requests to deal in Shares may also be made by sending clear written instructions (or an application form) to the ACD or by telephoning 0345 026 4281 or fax 0845 280 2234 (or such other number as published from time to time) or via electronic dealing platforms (such as Calastone) for the purchase, redemption and switch of Shares for non-retail clients. In addition, the ACD may from time to time make arrangements to allow Shares to be dealt with through other communication media. The initial purchase must, at the discretion of the ACD, be accompanied by an application form.

At present transfer of title by electronic communication is accepted at the ACD's absolute discretion and the ACD may refuse electronic transfers.

Telephone calls may be recorded. The ACD may also, at its discretion, introduce further methods of dealing in Shares in the future.

#### **3.1. Money Laundering**

As a result of legislation in force in the UK to prevent money laundering, the ACD is responsible for compliance with anti money laundering regulations. In order to implement these regulations, in certain circumstances investors may be asked to provide proof of identity when buying or redeeming Shares. Until satisfactory proof of identity is provided, the ACD reserves the right to refuse to issue Shares, pay the proceeds of a redemption of Shares, or pay income on Shares to the investor. In the case of a purchase of Shares where the applicant is not willing or is unable to provide the information requested within a reasonable period, the ACD also reserves the right to sell the Shares purchased and return the proceeds to the account from which the subscription was made. These proceeds may be less than the original investment.

#### **3.2. Buying Shares**

##### **3.2.1. Procedure**

Shares may be bought directly from the ACD or through a professional adviser or other intermediary. In addition, the ACD may from time to time make arrangements to allow Shares to be bought through other communication media. For details of dealing charges see paragraph 3.6 below. Application forms may be obtained from the ACD.

Valid applications to purchase Shares in a Sub-fund will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the application, except in the case where dealing in a Sub-fund has been suspended as set out in paragraph 3.11.

The ACD, at its discretion, has the right to cancel a purchase deal if settlement is materially overdue (being more than five Business Days of receipt of an application form or other instruction) and any loss arising on such cancellation shall be the

liability of the applicant. The ACD is not obliged to issue Shares unless it has received cleared funds from an investor.

A purchase of Shares in writing or by telephone or any other communication media made available is a legally binding contract. Applications to purchase, once made are, except in the case where cancellation rights are applied, irrevocable. However, subject to its obligations under the Regulations, the ACD has the right to reject, on reasonable grounds relating to the circumstances of the applicant, any application for Shares in whole or in part, and in this event the ACD will return any money sent, or the balance of such monies, at the risk of the applicant.

Any subscription monies remaining after a whole number of Shares have been issued will not be returned to the applicant. Instead, smaller denomination Shares will be issued. A smaller denomination Share is equivalent to one thousandth of a larger denomination Share.

Payment in full should be made no later than the fourth business after the date of purchase, and the ACD reserves the right to require payment in advance.

The ACD may charge £50 each time a trade is not fulfilled by the end of the business day on the settlement date. The ACD also reserves the right to apply interest charges at 4% above the Bank of England Base Rate on the value of any settlement not received by the end of the business day on the settlement date and thereafter. No interest will be paid on funds held prior to investment. Shares that have not been paid for cannot be redeemed.

Settlement must be made by electronic bank transfer to the bank account detailed on the application form.

Applicants who have received advice may have the right to cancel their application to buy Shares at any time during the 14 days after the date on which they receive a cancellation notice from the ACD. If an applicant decides to cancel the contract, and the value of the investment has fallen at the time the ACD receives the completed cancellation notice, they will not receive a full refund as an amount equal to any fall in value will be deducted from the sum originally invested. The ACD may extend cancellation rights to other investors but is under no obligation to do so.

### **3.2.2. Documents the buyer will receive**

A confirmation giving details of the number and price of Shares bought will be issued no later than the end of the Business Day following the Valuation Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Registration of Shares can only be completed by the ACD upon receipt of any required registration details. These details may be supplied in writing to the ACD or by returning to the ACD the properly completed registration form and copy of the confirmation.

Settlement is due within 4 Business Days of the Valuation Point. An order for the purchase of Shares will only be deemed to have been accepted by the ACD once it is in receipt of cleared funds for the application. If settlement is not made within a

reasonable period, then the ACD has the right to cancel any Shares issued in respect of the application. In the event of such a sale or realisation, the ACD shall be entitled to transfer such investments to such persons as it shall specify and, recover any shortfall from that investor.

Share certificates will not be issued in respect of Shares. Ownership of Shares will be evidenced by an entry on the Register. Tax vouchers in respect of periodic distributions on Shares will show the number of Shares held by the recipient.

### 3.2.3. **Minimum subscriptions and holdings**

The minimum initial subscriptions, subsequent subscriptions and holdings levels for each Class of Share in a Sub-fund are set out in Appendix II.

The ACD may at its sole discretion accept subscriptions and/or holdings lower than the minimum amount(s).

If following a redemption, Switch or transfer, a holding in any Class of Share should fall below the minimum holding for that Class, the ACD has the discretion to effect a redemption of that Shareholder's entire holding in that Class of Share. The ACD may use this discretion at any time. Failure not to do so immediately after such redemption, Switch or transfer does not remove this right.

## 3.3. **Redeeming Shares**

### 3.3.1. **Procedure**

Valid instructions to the ACD to redeem Shares in a Sub-fund will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the instruction, except in the case where dealing in a Sub-fund has been suspended as set out in paragraph 3.11.

A redemption instruction in respect of Shares in writing or by telephone or any other communication media made available is a legally binding contract. However, an instruction to the ACD to redeem Shares, although irrevocable, may not be settled by either the Company or the ACD if the redemption represents Shares where the money due on the earlier purchase of those Shares has not yet been received or if insufficient documentation or anti-money laundering information has been received by the ACD.

For details of dealing charges see paragraph 3.6 below.

### 3.3.2. **Documents a redeeming Shareholder will receive**

A confirmation giving details of the number and price of Shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the Business Day following the later of the request to redeem Shares or the Valuation Point by reference to which the price is determined.

Payment of redemption proceeds will normally be made to the first named Shareholder (at their risk), or, at the ACD's discretion, via bank transfer in accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within four Business Days of the later of (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title, any required anti-money laundering related documentation, and (b) the Valuation Point following receipt by the ACD of the request to redeem.

### 3.3.3. Minimum redemption

Part of a Shareholder's holding may be redeemed but the ACD reserves the right to refuse a redemption request if the value of the Shares of any Sub-fund to be redeemed is less than the minimum stated in respect of the appropriate Class in the Sub-fund in question (see Appendix II).

## 3.4. Switching

Subject to any restrictions on the eligibility of investors for a particular Share Class, a Shareholder in a Sub-fund may at any time Switch all or some of his Shares of one Class or Sub-fund ("the Original Shares") for Shares of another Class or Sub-fund ("the New Shares") in the Company. The number of New Shares issued will be determined by reference to the respective prices of New Shares and Original Shares at the Valuation Point applicable at the time the Original Shares are redeemed and the New Shares are issued.

Telephone switching instructions may be given but Shareholders are required to provide written instructions to the ACD (which, in the case of joint Shareholders, must be signed by all the joint Shareholders) before switching is effected.

The ACD may at its discretion make a charge on the switching of Shares between Sub-funds or Classes. Any such charge on switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers. For details of the charges on switching currently payable, please see paragraph 3.6.3 "Charges on Switching".

If a partial Switch would result in the Shareholder holding a number of Original Shares or New Shares of a value which is less than the minimum holding in the Class concerned, the ACD may, if it thinks fit, convert the whole of the applicant's holding of Original Shares to New Shares (and make a charge on switching on such conversion) or refuse to effect any Switch of the Original Shares. Save as otherwise specifically set out, the general provisions on procedures relating to redemption will apply equally to a Switch. Written instructions must be received by the ACD before the Valuation Point on a Dealing Day in the Sub-fund or Sub-funds concerned to be dealt with at the prices at the Valuation Point on that Dealing Day or at such other Valuation Point as the ACD at the request of the Shareholder giving the relevant instruction may agree. Switching requests received after a Valuation

Point will be held over until the next day which is a Dealing Day in each of the relevant Sub-fund or Sub-funds.

The ACD may adjust the number of New Shares to be issued to reflect the application of any charge on switching together with any other charges or levies in respect of the application for the New Shares or redemption of the Original Shares as may be permitted pursuant to the COLL Sourcebook.

**Please note that under UK tax law a Switch of Shares in one Sub-fund for Shares in any other Sub-fund (but, as a general rule, not between Classes within a Sub-fund) is treated as a redemption of the Original Shares and a purchase of New Shares and will, for persons subject to taxation, be a realisation of the Original Shares for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the Shareholder's circumstances.**

**A Shareholder who Switches Shares in one Sub-fund for Shares in any other Sub-fund (or who Switches between Classes of Shares) will not be given a right by law to withdraw from or cancel the transaction.**

### 3.5. Market Timing

The ACD may refuse to accept a new subscription in the Company or a switch from another Sub-Fund if, in the opinion of the ACD, it has reasonable grounds for refusing to accept a subscription or a switch from them. In particular, the ACD may exercise this discretion if it believes the Shareholder has been or intends to engage in market timing.

For these purposes, market timing activities include investment techniques which involve short term trading in and out of shares generally to take advantage of variation in the price of Shares between the daily valuation points in the Company. Short term trading of this nature may often be detrimental to long term Shareholders, in particular, the frequency of dealing may lead to additional dealing costs which can affect long term performance.

### 3.6. Dealing Charges

The price per Share at which Shares are bought, redeemed or switched is the Net Asset Value per Share. Any initial charge or redemption charge (or dilution levy on a specific deal, if applicable) is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

#### 3.6.1. Initial charge

The ACD may impose a charge on the purchase of Shares in each Class. The current initial charge, if any, is calculated as a percentage of the amount invested by a potential Shareholder in respect of each Sub-fund and is set out in Appendix II.

The initial charge (which is deducted from subscription monies) is payable by the Shareholder to the ACD. The current initial charge (if any) of a Class may only be increased in accordance with the Regulations.

### 3.6.2. Redemption Charge

The ACD may make a charge on the redemption of Shares in each Class. At present, no redemption charge is levied.

The ACD may only introduce a redemption charge in accordance with the Regulations. Also, if such a charge was introduced, it would not apply to Shares issued before the date of the introduction (i.e. those not previously subject to a redemption charge).

### 3.6.3. Charges on Switching

On the switching of Shares between Sub-funds or Classes in the Company the Instrument of Incorporation authorises the Company to impose a charge on switching. If a redemption charge is payable in respect of the Original Shares, this may become payable instead of, or as well as, the then prevailing initial charge for the New Shares. The charge on switching is payable by the Shareholder to the ACD.

The ACD's current policy is to only levy a charge on switching between Sub-funds that is no more than the excess of the initial charge applicable to New Shares over the initial charge applicable to the Original Shares as specified in Appendix II. There is currently no charge for switching Shares in one Class of a Sub-fund for Shares in another Class of the same Sub-fund.

### 3.6.4. Dilution Levy

The actual cost of purchasing, selling or switching underlying investments in a Sub-fund may deviate from the mid-market value used in calculating its Share price, due to dealing charges, taxes, and any spread between buying and selling prices of the Sub-fund's underlying investments. These dealing costs could have an adverse effect on the value of a Sub-fund, known as "dilution". In order to mitigate the effect of dilution the Regulations allow the ACD to make a dilution levy on the purchase, redemption or Switch of Shares in a Sub-fund. A dilution levy is a separate charge of such amount or at such rate as is determined by the ACD to be made for the purpose of reducing the effect of dilution. This amount is not retained by the ACD, but is paid into the relevant Sub-fund.

The dilution levy is calculated by reference to the costs of dealing in the underlying investments of the relevant Sub-fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy will depend on the volume of purchases and redemptions. It is not possible to predict accurately whether dilution would occur at any point in time.

The ACD's policy is that it may require a dilution levy on the purchase and redemption of Shares if, in its opinion, the existing Shareholders (for purchases) or remaining Shareholders (for redemptions) might otherwise be adversely affected. For example, the dilution levy may be charged in the following circumstances: where the Scheme Property of a Sub-fund is in continual decline; on a Sub-fund experiencing large levels of net purchases relative to its size; on "large deals" (typically being a purchase or redemption of Shares to a size exceeding 5% of the

Net Asset Value of the relevant Sub-fund); in any case where the ACD is of the opinion that the interests of existing or remaining Shareholders require the imposition of a dilution levy.

This policy is intended to mitigate the dilutive effect of Shareholder transactions on the future growth of the relevant Sub-fund.

Based on future projections and on its experience of managing the Company the ACD is unlikely to impose a dilution levy unless it considers that the dealing costs relating to a Shareholder transaction are significant and will have a material impact on the relevant Sub-fund.

It is not possible to predict accurately whether dilution would occur at any point in time. The level of dilution is not fixed and may change from time to time to reflect the underlying market conditions and the composition of the portfolio. If a dilution levy is required then, based on future projections, the estimated rate or amount of such levy will be up to 0.5%.

The ACD, in its absolute discretion, may waive or reduce the dilution levy. The ACD may alter its current dilution policy in accordance with the procedure set out in the Regulations.

**On the occasions that the dilution levy is not applied, there may be an adverse impact on the total assets of the relevant Sub-fund which may otherwise constrain the future growth of that Sub-fund. It should be noted that, as dilution is directly related to the inflows and outflows of monies from the Company, it is not possible to predict accurately the exact amount of such a charge in advance on a particular transaction.**

### 3.6.5. Stamp duty reserve tax ("SDRT")

With effect from 30 March 2014, the SDRT charge on the surrender of shares in an ICVC applies only to an in specie redemption of shares made otherwise than on a pro rata basis. A surrender of Shares to the Company will therefore generally be exempt from SDRT. Where a chargeable transaction occurs the Shareholder will be liable for SDRT at 0.5% of the consideration given for the Company assets acquired on redemption.

## 3.7. Transfers

Shareholders are entitled to transfer their Shares to another person or body. All transfers must be in writing in the form of an instrument of transfer approved by the ACD for this purpose. Completed instruments of transfer must be returned to the ACD in order for the transfer to be registered by the ACD. The ACD may refuse to register a transfer unless any provision for SDRT due has been paid.

## 3.8. Restrictions, Compulsory Transfer, Redemption and Conversion

The ACD may from time to time impose such restrictions as it may think necessary for the purpose of ensuring that no Shares are acquired or held by any person in breach of the law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory or which would

result in the Company incurring any liability to taxation which the Company is not able to recoup itself or suffering any other adverse consequence. In this connection, the ACD may, inter alia, reject in its discretion any application for the purchase, redemption, transfer or switching of Shares.

If it comes to the notice of the ACD that any Shares ("affected Shares"):

- (a) are owned directly or beneficially in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory; or
- (b) would result in the Company incurring any liability to taxation which the Company would not be able to recoup itself or suffering any other adverse consequence (including a requirement to register under any securities or investment or similar laws or governmental regulation of any country or territory); or
- (c) are held in any manner by virtue of which the Shareholder or Shareholders in question is/are not qualified to hold such Shares or if it reasonably believes this to be the case; or
- (d) are owned by a Shareholder who is registered in a jurisdiction (where the Company is not registered or recognised by the relevant competent authority) whereby communication with that Shareholder by the ACD, on behalf of the Company, might constitute a breach of the regulations in that jurisdiction (unless specific action is taken by the ACD to prevent such a communication constituting a breach);

the ACD may give notice to the Shareholder(s) of the affected Shares requiring the transfer of such Shares to a person who is qualified or entitled to own them or that a request in writing be given for the redemption of such Shares in accordance with the COLL Sourcebook. If any Shareholder upon whom such a notice is served does not within 30 days after the date of such notice transfer his affected Shares to a person qualified to own them or submit a written request for their redemption to the ACD or establish to the satisfaction of the ACD (whose judgement is final and binding) that he or the beneficial owner is qualified and entitled to own the affected Shares, he shall be deemed upon the expiry of that 30 day period to have given a request in writing for the redemption or cancellation (at the discretion of the ACD) of all the affected Shares.

A Shareholder who becomes aware that he is holding or owns affected Shares shall immediately, unless he has already received a notice as set out above, either transfer all his affected Shares to a person qualified to own them or submit a request in writing to the ACD for the redemption of all his affected Shares.

Where a request in writing is given or deemed to be given for the redemption of affected Shares, such redemption will (if effected) be effected in the same manner as provided for in the COLL Sourcebook.

### 3.9. **Issue of Shares in exchange for in specie assets**

The ACD may arrange for the Company to issue Shares in exchange for assets other than cash, but will only do so where the Depositary has taken reasonable care to determine that the Company's acquisition of those assets in exchange for the Shares concerned is not likely to result in any material prejudice to the interests of Shareholders.

The ACD will ensure that the beneficial interest in the assets is transferred to the Company with effect from the issue of the Shares.

The ACD will not issue Shares in any Sub-fund in exchange for assets the holding of which would be inconsistent with the investment objective or policy of that Sub-fund.

### 3.10. **In specie redemptions**

If a Shareholder requests the redemption of Shares the ACD may, where it considers that deal to be substantial in relation to the total size of a Sub-fund or in some way detrimental to the Sub-fund, arrange for scheme property having the appropriate value to be transferred to the Shareholder (an 'in specie transfer'), in place of payment for the Shares in cash. Before the redemption is effected, the ACD will give written notice to the Shareholder of the intention to make an in specie transfer.

The ACD will select the property to be transferred in consultation with the Depositary. The ACD and Depositary must ensure that the selection is made with a view to achieving no more advantage or disadvantage to the Shareholder requesting the redemption than to the continuing Shareholders.

### 3.11. **Suspension of dealings in the Company**

The ACD may, with the prior agreement of the Depositary, and must without delay if the Depositary so requires temporarily suspend the issue, cancellation, sale and redemption of Shares in the Company where due to exceptional circumstances it is in the interests of all the Shareholders in the Company.

The ACD and the Depositary must ensure that the suspension is only allowed to continue for as long as is justified having regard to the interests of Shareholders.

The ACD or the Depositary (as appropriate) will immediately inform the FCA of the suspension and the reasons for it and will follow this up as soon as practicable with written confirmation of the suspension and the reasons for it to the FCA and the regulator in each EEA state where the Company is offered for sale.

The ACD will notify Shareholders as soon as is practicable after the commencement of the suspension, including details of the exceptional circumstances which have led to the suspension, in a clear, fair and not misleading way and giving Shareholders details of how to find further information about the suspension.

Where such suspension takes place, the ACD will publish details on its website or other general means, sufficient details to keep Shareholders appropriately informed about the suspension, including, if known, its possible duration.

During the suspension none of the obligations in COLL 6.2 (Dealing) will apply but the ACD will comply with as much of COLL 6.3 (Valuation and Pricing) during the period of suspension as is practicable in light of the suspension.

Suspension will cease as soon as practicable after the exceptional circumstances leading to the suspension have ceased but the ACD and the Depositary will formally review the suspension at least every 28 days and will inform the FCA of the review and any change to the information given to Shareholders.

The ACD may agree during the suspension to deal in Shares in which case all deals accepted during and outstanding prior to the suspension will be undertaken at a price calculated at the first Valuation Point after the restart of dealings in Shares.

### 3.12. **Deferred Redemption of Shares**

If requested redemptions of Shares on a particular Dealing Day exceed 10% of a Sub-fund's value, redemptions of Shares of that Sub-fund may be deferred to the next Valuation Point. Any such deferral would only be undertaken in such manner as to ensure consistent treatment of all Shareholders who had sought to redeem Shares at the Valuation Point at which redemptions were deferred, and so that all deals relating to the earlier Valuation Point were completed before those relating to a later Valuation Point were considered. The intention of the deferred redemption power is to reduce the impact of dilution on the Scheme Property. In times of high levels of redemption, deferred redemption provisions would enable the ACD to protect the interests of continuing Shareholders by allowing it to match the sale of property of a Sub-fund to the level of redemptions of Shares in that Sub-fund.

### 3.13. **Electronic Communications**

At present, transfer or renunciation of title to Shares by electronic communication is accepted at the ACD's absolute discretion and the ACD may refuse electronic transfers.

The ACD will accept instructions to transfer or renunciation of title to Shares on the basis of an authority communicated by electronic means and sent by the Shareholder, or delivered on their behalf by a person authorised by the FCA, subject to:

- 3.13.1 prior agreement between the ACD and the person making the communication as to:
- (a) the electronic media which communication can be delivered; and
  - (b) how the communication will convey the necessary authority;

- 3.13.2 assurance from any person who may give authority on behalf of the Shareholder that they will have obtained the required appointment in writing from the Shareholder; and

the ACD being satisfied that any electronic communications purporting to be made by a Shareholder or their agent are in fact made by that person.

### 3.14. **Electronic Verification**

Under The Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, The Proceeds of Crime Act, The FCA Senior Management Arrangements Systems & Controls Sourcebook and the guidance in the Joint Money Laundering Steering Group Guidance Notes (which are updated from time to time), the ACD state that the ACD must check an applicant's identity and, in certain circumstances, the source of the money invested. The ACD may also request verification documents from the applicant or parties associated with the applicant. In some cases, documentation may be required for officers performing duties on behalf of applicants who are bodies corporate. The checks may include an electronic search of information held about the applicant (or an associated party) on the electoral role and using credit reference agencies. The credit reference agency may check the details the applicant (or an associated party) supplies against any particulars on any database (public or otherwise) to which they have access and may retain a record of that information although that is only to verify identity and will not affect the applicant's (or an associated party's) credit rating. They may also use the applicant's (or an associated party's) details in the future to assist other companies verification purposes. In applying for Shares an applicant is giving the ACD permission to ask for this information in line with Data Protection Laws. If an applicant invests through a financial adviser they must fill an identity verification certificate on their behalf and send it to the ACD with the application.

### 3.15. **Governing law**

All deals in Shares are governed by the law of England and Wales. These documents are governed by English law and the courts of England and Wales have exclusive jurisdiction to settle disputes relating to them.

## **4. VALUATION OF THE COMPANY**

### **4.1. General**

The price of a Share is calculated by reference to the Net Asset Value of the Sub-fund to which it relates. The Net Asset Value per Share of a Sub-fund is currently calculated at 12.00pm (London time) (this being the Valuation Point) on each Dealing Day.

The ACD may at any time during a Business Day carry out an additional valuation if it considers it desirable to do so. The ACD shall inform the Depositary of any decision to carry out any such additional valuation. Valuations may be carried out for effecting a scheme of amalgamation or reconstruction which do not create a Valuation Point for the purposes of dealings. Where permitted and subject to the Regulations, the ACD may, in certain circumstances (for example where a significant event has occurred since the closure of a market) substitute a price with a more appropriate price which in its opinion reflects a fair and reasonable price for that investment.

The ACD will, upon completion of each valuation, notify the Depositary of the price of Shares, of each Class of each Sub-fund and the amount of any dilution levy applicable in respect of any purchase or redemption of Shares.

A request for dealing in Shares must be received by the Valuation Point on a particular Dealing Day in order to be processed on that Dealing Day. A dealing request received after this time will be held over and processed on the next Dealing Day, using the Net Asset Value per Share calculated as at the Valuation Point on that next Dealing Day.

### **4.2. Calculation of the Net Asset Value**

The value of the Scheme Property shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions:

4.2.1. All the Scheme Property (including receivables) is to be included, subject to the following provisions.

4.2.2. Scheme Property which is not cash (or other assets dealt with in paragraph 4.2.3 and 4.2.4 below) shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:

- (a) Units or shares in a collective investment scheme:
  - (i) if a single price for buying and redeeming units or shares is quoted, at that price; or
  - (ii) if separate buying and redemption prices are quoted, at the average of the two prices provided the buying price has been reduced by any initial charge included therein and

the redemption price has been increased by any exit or redemption charge attributable thereto; or

- (iii) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a value which, in the opinion of the ACD, is fair and reasonable;
- (b) exchange traded derivative contracts:
- (i) if a single price for buying and selling the exchange-traded derivative contract is quoted, at that price; or
  - (ii) if separate buying and selling prices are quoted, at the average of the two prices;
- (c) over-the-counter derivative contracts shall be valued in accordance with the method of valuation as shall have been agreed between the ACD and the Depositary;
- (d) any other investment:
- (i) if a single price for buying and redeeming the security is quoted, at that price; or
  - (ii) if separate buying and redemption prices are quoted, at the average of the two prices; or
  - (iii) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if the most recent price available does not reflect the ACD's best estimate of the value, at a value which, in the opinion of the ACD, is fair and reasonable;
- (e) Scheme Property other than that described in paragraphs 4.2.2(a) to 4.3.2(d) above, at a value which, in the opinion of the ACD, is fair and reasonable;
- 4.2.3. Cash and amounts held in current and deposit and margin accounts and in other time related deposits shall be valued at their nominal values.
- 4.2.4. In determining the value of the Scheme Property, all instructions given to issue or cancel Shares shall be assumed (unless the contrary is shown) to have been carried out and any cash paid or received and all consequential action required by the Regulations or this Instrument of Incorporation shall be assumed (unless the contrary has been shown) to have been taken.
- 4.2.5. Subject to paragraphs 4.2.6 and 4.2.7 below, agreements for the unconditional sale or purchase of Scheme Property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the

valuation takes place and if, in the opinion of the ACD, their omission will not materially affect the final net asset amount.

- 4.2.6. Futures or contracts for differences which are not yet due to be performed and unexpired and unexercised written or purchased options shall not be included under paragraph 4.2.5.
- 4.2.7. All agreements are to be included under paragraph 4.2.5 which are, or ought reasonably to have been, known to the person valuing the Scheme Property assuming that all other persons in the ACD's employment take all reasonable steps to inform it immediately of the making of any agreement.
- 4.2.8. Deduct an estimated amount for anticipated tax liabilities (on unrealised capital gains where the liabilities have accrued and are payable out of the property of the Scheme; on realised capital gains in respect of previously completed and current accounting periods; and on income where the liabilities have accrued) including (as applicable and without limitation) capital gains tax, income tax, corporation tax, VAT, stamp duty and any foreign taxes or duties.
- 4.2.9. Deduct an estimated amount for any liabilities payable out of the Scheme Property and any tax or duty thereon, treating periodic items as accruing from day to day.
- 4.2.10. Deduct the principal amount of any outstanding borrowings whenever repayable and any accrued but unpaid interest on borrowings.
- 4.2.11. Add an estimated amount for accrued claims for tax of whatever nature which may be recoverable.
- 4.2.12. Add any other credits or amounts due to be paid into the Scheme Property.
- 4.2.13. Add a sum representing any interest or any income accrued due or deemed to have accrued but not received and any stamp duty reserve tax provision anticipated to be received.
- 4.2.14. Currencies or values in currencies other than Sterling shall be converted at the relevant Valuation Point at a rate of exchange that is not likely to result in any material prejudice to the interests of Shareholders or potential Shareholders.

#### 4.3. **Price per Share in each Sub-fund and each Class**

The price per Share at which Shares are bought or are redeemed is the Net Asset Value per Share at the Valuation Point. Any initial charge or redemption charge, (or dilution levy on a specific deal, if applicable) is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

Each allocation of income made in respect of any Sub-fund at a time when more than one Class is in issue in respect of that Sub-fund shall be done by reference to the relevant Shareholder's proportionate interest in the income property of the Sub-fund in question calculated in accordance with the Instrument of Incorporation.

#### 4.4. **Pricing basis**

The ACD deals on a forward pricing basis. A forward price is the price calculated at the next Valuation Point after the purchase or redemption is deemed to be accepted by the ACD. Shares in the Company are single priced.

#### 4.5. **Publication of Prices**

The prices of all Shares are published on the ACD's website [www.fundrock.com](http://www.fundrock.com). The prices of Shares may also be obtained by calling 0345 026 4281 during the ACD's normal business hours.

As the ACD deals on a forward pricing basis, the price that appears in these sources is unlikely to be the same as the one at which investors can currently deal. The ACD may also, at its sole discretion, decide to publish certain Share prices in other third party websites or publications but the ACD does not accept responsibility for the accuracy of the prices published in, or for the non-publication of prices by, these sources for reasons beyond the control of the ACD.

## **5. RISK FACTORS**

Potential investors should consider the following risk factors before investing in the Company (or in the case of specific risks applying to specific Sub-funds, in those Sub-funds).

### **5.1. General**

The investments of the Company are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investments will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they invest in the Company. There is no certainty that the investment objective of the Sub-funds will actually be achieved and no warranty or representation is given to this effect. The level of any yield for a Sub-fund may be subject to fluctuations and is not guaranteed.

Inflation will affect the future buying power of any investment. If the returns on an investment in the Company have not beaten the rate of inflation, such investment will have less buying power in the future.

The entire market of a particular asset class or geographical sector may fall, having a more pronounced effect on funds heavily invested in that asset class or region. There will be a variation in performance between funds with similar objectives due to the different assets selected.

### **5.2. Effect of Initial Charge or Redemption Charge**

Where an initial charge or redemption charge is imposed, an investor who realises his Shares may not (even in the absence of a fall in the value of the relevant investments) realise the amount originally invested.

In particular, where a redemption charge is payable, investors should note that the percentage rate at which the redemption charge is calculated is based on the market value rather than the initial value of the Shares. If the market value of the Shares has increased the redemption charge will show a corresponding increase. Currently there is no redemption charge levied on Shares.

The Shares therefore should be viewed as medium to long term investments.

### **5.3. Dilution**

A Sub-fund may suffer a reduction in the value of its Scheme Property due to dealing costs incurred when buying and selling investments. To offset this dilution effect the ACD may require the payment of a dilution levy in addition to the price of Shares when bought or as a deduction when sold.

### **5.4. Charges to Capital**

Where the investment objective of a Sub-fund is to treat the generation of income as a higher priority than capital growth, or the generation of income and capital growth have equal priority, all or part of the ACD's fee may be charged against

capital instead of against income. The treatment of the ACD's fee may increase the amount of income (which may be taxable) available for distribution to Shareholders in the Sub-fund concerned but will erode capital and may constrain capital growth.

#### 5.5. **Suspension of Dealings in Shares**

Investors are reminded that in certain circumstances their right to redeem Shares (including a redemption by way of switching) may be suspended.

#### 5.6. **Currency Exchange Rates**

Currency fluctuations may adversely affect the value of a Sub-fund's investments and the income thereon and, depending on an investor's currency of reference, currency fluctuations may adversely affect the value of his investment in Shares.

#### 5.7. **Derivatives**

The Investment Manager may employ derivatives with the aim of reducing the risk profile of the Sub-funds, reducing costs or generating additional capital or income, in accordance with EPM.

To the extent that derivative instruments are utilised for hedging purposes, the risk of loss to the Sub-funds may be increased where the value of the derivative instrument and the value of the security or position which it is hedging prove to be insufficiently correlated.

For more information in relation to investment in derivatives, please see paragraphs 17 and 18 in Appendix I.

#### 5.8. **Credit and Fixed Interest Securities**

Fixed interest securities are particularly affected by trends in interest rates and inflation. If interest rates go up, the value of capital may fall, and vice versa. Inflation will also decrease the real value of capital.

The value of a fixed interest security will fall in the event of the default or reduced credit rating of the issuer. Generally, the higher the yield, the higher the perceived credit risk of the issuer. High yield bonds with lower credit ratings (also known as sub-investment grade bonds) are potentially more risky (higher credit risk) than investment grade bonds. A sub-investment grade bond has a Standard & Poor's credit rating of below BBB or equivalent. BBB is described as having adequate capacity to meet financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the bond issuer to meet its financial commitments.

#### 5.9. **Counterparty and Settlement**

The Sub-funds will be exposed to a credit risk on parties with whom it trades and will also bear the risk of settlement default.

**5.10. Tax**

Tax laws currently in place may change in the future which could affect the value of your investments. See the section headed 'Taxation' for further details about taxation of the Sub-funds.

**5.11. Inflation and Interest Rates**

The real value of any returns that an investor may receive from the Sub-fund could be affected by interest rates and inflation over time.

**5.12. Custody**

There may be a risk of loss where the assets of the Sub-funds are held in custody that could result from the insolvency, negligence or fraudulent action of a custodian or sub-custodian.

**5.13. Liquidity**

Depending on the types of assets the Company invests in there may be occasions where there is an increased risk that a position cannot be liquidated in a timely manner at a reasonable price.

**5.14. Legal and Regulatory Risks**

Legal and regulatory (including taxation) changes could adversely affect the Company. Regulation (including taxation) of investment vehicles such as the Company is subject to change. The effect of any future legal or regulatory (including taxation) change on the Company is impossible to predict, but could be substantial and have adverse consequences on the rights and returns of Shareholders.

**5.15. Lack of Operating History**

Each new Sub-fund is a sub-fund of the Company which is a newly incorporated entity and has no operating history. The past investment performance of the ACD, the Investment Manager or their affiliates may not be construed as an indicator of the future results of an investment in any Sub-fund.

**5.16. Collective Investment Scheme**

A Sub-fund may invest in other collective investment schemes. As an investor in another collective investment scheme, a Sub-fund will bear, along with the other investors, its portion of the expenses of the other collective investment scheme, including the management fee and/or other fees. These fees will be in addition to the management fees and other expenses which a Sub-fund bears directly with its own operations.

**5.17. Protected Cell Regime**

While the provisions of the OEIC Regulations provide for segregated liability between sub-funds, the concept of segregated liability is relatively new.

Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to regulations 11A and 11B (segregated liability and cross-investment provisions) of the OEIC Regulations. Therefore, it is not possible to be certain that the assets of a Sub-fund will always be completely insulated from the liabilities of another Sub-fund of the Company in every circumstance.

#### 5.18. **Counterparty risk in over-the-counter markets**

A Sub-fund may enter into transactions in over-the-counter markets, which will expose the Sub-fund to the credit of its counterparties and their ability to satisfy the terms of such contracts. For example, the Sub-fund may enter into agreements or use other derivative techniques, each of which expose the Sub-fund to the risk that the counterparty may default on its obligations to perform under the relevant contract. In the event of a bankruptcy or insolvency of a counterparty, the Sub-fund could experience delays in liquidating the position and significant losses, including declines in the value of its investment during the period in which the Sub-fund seeks to enforce its rights, inability to realise any gains on its investment during such period and fees and expenses incurred in enforcing its rights. There is also a possibility that the above contracts and derivative techniques are terminated due, for instance, to bankruptcy, supervening illegality or change in the tax or accounting laws relative to those at the time the contract was originated. In such circumstances, investors may be unable to recover any losses incurred.

#### 5.19. **Cyber Security**

As the use of technology has become more prevalent in the course of business, funds have become more susceptible to operational and financial risks associated with cyber security, including: theft, loss, misuse, improper release, corruption and destruction of, or unauthorised access to, confidential or highly restricted data relating to the Company and the Shareholders and compromises or failures to systems, networks, devices and applications relating to the operations of the Company and its service providers. Cyber security risks may result in financial losses to the Company and the Shareholders; the inability of the Company to transact business with the Shareholders; delays or mistakes in the calculation of the Net Asset Value or other materials provided to Shareholders; the inability to process transactions with Shareholders or the parties; violations of privacy and other laws; regulatory fines, penalties and reputational damage; and compliance and remediation costs, legal fees and other expenses. The Company's service providers (including but not limited to the ACD and the Depositary and their agents), financial intermediaries, companies in which a Sub-fund invests and parties with which the Company engages in portfolio or other transactions also may be adversely impacted by cyber security risks in their own business, which could result in losses to the Company or the Shareholders. While measures have been developed which are designed to reduce the risks associated with cyber security, there is no guarantee that those measures will be effective, particularly since the Company does not directly control the cyber security defences or plans of its service providers, financial intermediaries and companies in which the Company invests or with which it does business.

## 5.20. Risks related to pandemics and public health issues

Epidemics, pandemics, outbreaks of disease, public health issues such as COVID-19 (or other novel coronaviruses), Ebola, H1N1 flu, H7N9 flu, H5N1 flu, and Severe Acute Respiratory Syndrome (SARS) could materially adversely affect the ACD and any third party service provider it appoints, as well as the activities, operations and investments of the Sub-funds.

Notable disruptions may include material uncertainty in the ability to value the assets and lack of available investments. This may impact a Sub-fund's performance and liquidity.

Although the long-term effects of COVID-19 (and the actions and measures taken by governments around the world to halt the spread of such virus), cannot be predicted, previous occurrences of other epidemics, pandemics and outbreaks of disease, had material adverse effects on the economies, private markets and operations of those countries and jurisdictions in which they were most prevalent. A recurrence of an outbreak of any kind of epidemic, communicable disease, virus or major public health issue could cause a slowdown in the levels of economic activity generally (or push the world or local economies into recession), which could adversely affect the business, financial condition, operations and liquidity of the ACD, its service providers (including the Investment Manager), and/or a Sub-fund. Should these or other major public health issues, including pandemics, arise or spread (or continue to worsen), the ACD, its service providers (including the Investment Manager) and/or a Sub-fund could be adversely affected by more stringent travel restrictions (such as mandatory quarantines and social distancing), additional limitations on the ACD, or its service providers' (including the Investment Manager's) and/or the Sub-fund's operations and business activities and governmental actions limiting the movement of people and goods between regions and other activities or operations.

## 5.21. Political Risks

The value of the Company's investments may be affected by uncertainties such as international political developments, civil conflicts and war, changes in government policies, changes in taxation, restrictions on foreign investment and currency repatriation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be made. For example, assets could be compulsorily re-acquired without adequate compensation.

Pursuant to the ACD Agreement, the ACD manages and administers the affairs of the Company in accordance with the Regulations, the Instrument of Incorporation and this Prospectus. The ACD Agreement incorporates detailed provisions relating to the ACD's responsibilities.

The ACD Agreement may be terminated by either party after on not less than [six months] written notice or earlier upon the happening of certain specified events. The ACD Agreement contains detailed provisions relating to the responsibilities of the ACD and excludes it from any liability to the Company or any Shareholder for any act or omission except in the case of negligence, wilful default, fraud, bad faith, breach of duty or breach of trust in relation to the Company on its part. The ACD Agreement provides indemnities to the ACD to the extent allowed by the Regulations and other than for matters arising by reason of its negligence, wilful default, fraud, bad faith, breach of duty or breach of trust in the performance of its duties and obligations. Subject to certain limited exceptions set out in the Regulations, the ACD may retain the services of any person to assist it in the performance of its functions.

Details of the fees payable to the ACD are set out in paragraph 7.2 "Charges payable to the ACD" below.

The ACD is also under no obligation to account to the Depositary, the Company or the Shareholders for any profit it makes on the issue or re-issue or cancellation of Shares which it has redeemed.

The Company has no directors other than the ACD. The ACD is the manager or authorised corporate director of certain open-ended investment companies details of which are set out in Appendix IV.

### **6.2.3 Remuneration Policies and Practices**

FCA Rules require that the ACD applies remuneration policies and practices that are consistent with, and promote, effective risk management for certain categories of staff (namely those whose activities have a material impact on the risk profile of the ACD or the UCITS funds that it manages ("Code Staff")). The ACD, taking account of the principle of proportionality, has in place a remuneration policy (the "Remuneration Policy") which is reviewed at least annually.

The ACD's remuneration policy requires, amongst other items, that the remuneration practices within the ACD

- are consistent with and promote sound and effective risk management;
- do not encourage risk taking that is inconsistent with the risk profiles of the funds which the ACD manages; and
- do not impair the ACD's ability to comply with its duty to act in the best interests of the funds which it manages.

Details of the Remuneration Policy will be made available on the ACD's website and a paper copy will be made available free of charge from the ACD upon request.

### 6.3. The Depositary

#### 6.3.1. General

BNP Paribas Trust Corporation UK Limited is the Depositary of the Company.

The Depositary is a body corporate incorporated in England and Wales with company number 04042668 with its registered office at 10 Harewood Avenue, London NW1 6AA.

The Depositary is authorised and regulated by the Financial Conduct Authority.

The principal business activity of the Depositary is the provision of financial services including depositary services.

#### 6.3.2. Duties of the Depositary

The Depositary is responsible for the safekeeping of the Scheme Property, monitoring the cash flows of the Company and must ensure that certain processes carried out by the ACD are performed in accordance with applicable laws, rules and regulations

#### 6.3.3. Conflicts of Interest

In the course of performing its duties, the following conflicts of interest may arise between the ACD, the Company, investors and the Depositary:

- The Depositary is part of an international group of companies and businesses that, in the ordinary course of their business, act simultaneously for a large number of clients, as well as for their own account, which may result in actual or potential conflicts.
- Conflicts of interest may also arise where the ACD, the Company or the Investment Manager maintains other business relationships with the Depositary or its affiliates in parallel with its appointment as depositary of the Company. For example, an affiliate may provide the Company or the ACD with fund administration services including net asset value calculations.

Where such conflicts of interests cannot be avoided, the ACD and the Depositary will manage and monitor them in order to prevent adverse effects on the interests of the Company and investors.

In order to address situations of conflicts of interest, the Depositary has implemented and maintains a conflicts of interest policy, aimed at:

- identifying and analysing potential situations of conflicts of interest;
- recording, managing and monitoring the conflict of interest situations either by:
  - relying on the permanent measures in place to address conflicts of interest such as segregation of duties, separation of reporting lines, insider lists for staff members;
  - implementing a case-by-case approach to (i) take the appropriate preventive measures such as implementing new information barriers, making sure that relevant operations are separate and/or informing the client concerned, or (ii) refrain from carrying out the activity giving rise to the conflict of interest.

#### **6.3.4. Delegation of Safekeeping Functions**

The Depositary is permitted to delegate (and authorise its delegate to sub-delegate) the safekeeping of Scheme Property.

The Depositary has delegated safekeeping of the Scheme Property to the Custodian. The Custodian has sub-delegated the custody of assets in certain markets in which the Company may invest to various delegates ("Sub-custodians"). A list of Sub-custodians is given in Appendix VIII. Investors should note that the list of Sub-custodians is updated only at each Prospectus review.

#### **6.3.5. Updated Information**

Up-to-date information regarding the Depositary, its duties, its conflicts of interest and the delegation of its safekeeping functions will be made available to shareholders on request.

#### **6.3.6. Terms of Appointment:**

The appointment of the Depositary has been made under an agreement effective from 6 May 2015 (and novated on 30 June 2022) between the Company, the ACD and the Depositary (the "Depositary Agreement").

The Depositary Agreement may be terminated by not less than six months' written notice or immediately in certain circumstances as set out in the Depositary Agreement. A notice of termination shall not take effect until the appointment of a successor as depositary. Where a replacement depositary is not appointed within nine months of the notice of termination, the Depositary may

request the ACD to make an application to the FCA for the winding up of the Company.

If any financial instruments held by the Depositary for the Company are lost (as defined under UCITS V), the Depositary must return assets of an identical type or to pay to the Company a corresponding amount to the lost financial instruments, unless the loss arose as a result of an external event which meets the conditions set out in UCITS V. Otherwise, the Depositary is liable for its negligence, intentional failure or fraud, subject to the terms and exclusions set out in the Depositary Agreement.

Under the Depositary Agreement, the Company will indemnify the Depositary (and its branches, subsidiaries, officers, employees and directors) against all claims, losses, liabilities, damages, judgments, costs, fees and expenses (including properly incurred legal fees and expenses) suffered or incurred by the Depositary arising from or in connection the performance of its obligations, except in the case of any liability arising from the negligence or intentional default of the Depositary or loss of financial instruments as described above.

Investors have no personal right to directly enforce any rights or obligations under the Depositary Agreement.

The remuneration of the Depositary is set out in “Depositary’s fee and expenses” in Paragraph 7.3 of this Prospectus.

#### 6.4. **The Investment Managers**

##### 6.4.1. **General**

The ACD has appointed the Investment Managers listed in Appendix IV to provide investment management services to the ACD. The Investment Managers are authorised and regulated by the Financial Conduct Authority.

The principal activity of the Investment Managers is the provision of investment management and advisory services.

##### 6.4.2. **Terms of Appointment:**

The terms of the Investment Management Agreement between the ACD and the Investment Managers include the provision of investment advice to attain the investment objectives of the Sub-funds, the purchase and sale of investments and on the exercise of voting rights relating to such investments. The Investment Managers have authority to make decisions on behalf of the ACD on a discretionary basis in respect of day to day investment management of the Scheme Property including authority to place purchase orders and sale orders. Subject to the agreement of the ACD, the Investment Manager may appoint sub-investment advisers to discharge some or all of these duties. The Agreement may be terminated by either party on not less than six months' written notice or earlier upon the happening of certain specified events.

The Investment Managers will receive a fee paid by the ACD out of its remuneration received each month from the Sub-funds as explained in paragraph 7.4 below.

**6.5. The Registrar**

The ACD will also act as Registrar with responsibility for maintaining the Register. The Register will be kept at the offices of the ACD, where it can be inspected by Shareholders during normal business hours.

**6.6. The Auditors**

The auditors of the Company are Grant Thornton UK LLP whose principal place of business is at 30 Finsbury Square, London, EC2A 1AG.

**6.7. Conflicts of Interest**

The ACD, the Investment Manager(s) and other companies within the ACD and/or the Investment Manager's group may, from time to time, act as investment manager or advisers to other funds or Sub-funds which follow similar investment objectives to those of the Sub-fund. It is therefore possible that the ACD and/or the Investment Manager may in the course of their business have potential conflicts of interest with the Company or a particular Sub-fund or that a conflict exists between the Company and other funds managed by the ACD. Each of the ACD and the Investment Manager will, however, have regard in such event to its obligations under the ACD Agreement and the Investment Management Agreement respectively and, in particular, to its obligation to act in the best interests of the Company so far as practicable, having regard to its obligations to other clients, when undertaking any investment business where potential conflicts of interest may arise. Where a conflict of interest cannot be avoided, the ACD and the Investment Manager will ensure that the Company and other collective investment schemes it manages are fairly treated. Details of potential conflicts of interest with the Depositary are set out in paragraph 6.3.3.

The ACD acknowledges that there may be some situations where the organisational or administrative arrangements in place for the management of conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the Company or its shareholders will be prevented. Should any such situations arise the ACD will disclose these to shareholders in the report and accounts or in another appropriate format.

The Depositary may act as the depositary of other open-ended investment companies and as trustee or custodian of other collective investment schemes.

Details of the ACD's conflicts of interest policy are available on request.

## 7. FEES AND EXPENSES

### 7.1. Ongoing

Other costs, charges, fees or expenses, other than the charges made in connection with the subscription and redemption of Shares (see paragraph 3.6) payable by a Shareholder or out of Scheme Property are set out in this section.

The Company or each Sub-fund (as the case may be) may, so far as the COLL Sourcebook allows, pay out of the Scheme Property all relevant costs, charges, fees and expenses including, but not limited to, the following:

- 7.1.3. fees and expenses in respect of establishing and maintaining the register of Shareholders, including any sub-registers and any associated incurred expenses whether they are provided by the ACD, its associates or any other person;
- 7.1.4. any costs incurred in or about the listing of Shares in the Company on any Stock Exchange, and the creation, conversion and cancellation of Shares;
- 7.1.5. any costs incurred in establishing or maintaining any services or facilities for electronic dealing in Shares;
- 7.1.6. any costs incurred by the Company in publishing the price of the Shares in a national or other newspaper or any other form of media;
- 7.1.7. any costs incurred in producing and dispatching any payments made by the Company, or the yearly and half-yearly reports of the Company;
- 7.1.8. any fees, expenses or disbursements of any legal or other professional adviser of the Company or of the ACD or Investment Managers in relation to the Company;
- 7.1.9. any costs incurred in taking out and maintaining any insurance policy in relation to the Company;
- 7.1.10. any costs incurred in respect of meetings of Shareholders convened for any purpose;
- 7.1.11. any payment permitted by clause 6.7.15R of the COLL Sourcebook;

- 7.1.14. the audit fees of the Auditors (including VAT) and any expenses of the Auditors;
- 7.1.15. the fees of the FCA, in accordance with FCA's Fee Manual, together with any corresponding periodic fees of any regulatory authority in a country or territory outside the United Kingdom in which shares in the Company are or may be marketed;

- 7.1.20. the total amount of any cost relating to the authorisation and incorporation of any additional Sub-fund and of its initial offer or issue of shares;
- 7.1.21. any other fee, cost, charge or expense otherwise due or permitted to be deducted from the Company under the Regulations;
- 7.1.22. any value added or similar tax relating to any change or expense set out herein;

- 7.1.24. expenses properly incurred by the ACD in the performance of its duties as ACD of the Company, including without limitation any costs incurred in preparing, translating, producing (including printing), distributing and modifying, any instrument of incorporation, any prospectus or key investor information document (apart from the cost of distributing the key investor information document), or reports, accounts, statements, contract notes and other like documentation or any other relevant document required under the Regulations;
- 7.1.25. such other expenses as the ACD resolves are properly payable out of the Sub-funds property;

The ACD is also entitled to be paid by the Company out of the Scheme Property any expenses incurred by the ACD or its delegates of the kinds described above.

VAT will be added to these fees, charges and expenses where appropriate and will be payable by the Company.

#### Allocation of expenses

Expenses are allocated between capital and income in accordance with the Regulations. However, the approach for a given Sub-fund is set out in Appendix II. **Deducting charges from capital may erode or constrain capital growth.**

Where expenses are deducted in the first instance from income, if and only if this is insufficient, the ACD and Depositary have agreed that all or part of the deductions will be made from capital. If deductions were made from capital, this would result in capital erosion and constrain growth.

The ACD and the Depositary have agreed that normally the fees payable to the ACD and the Depositary will be apportioned as is set out in Appendix II in respect of each share class of each Sub-fund.

## 7.2. **Charges payable to the ACD**

### 7.2.1. **Annual Management Charge**

In payment for carrying out its duties and responsibilities the ACD is entitled to take an annual fee out of each Sub-fund as set out in Appendix II. The annual management charge will accrue on a daily basis in arrears by reference to the Net Asset Value of the Sub-fund on the immediately preceding Dealing Day and the amount due for each month is payable on the last Dealing Day of each month. The current annual management charges for the Sub-funds (expressed as a percentage per annum of the Net Asset Value of each Sub-fund) are set out in Appendix II. The fees payable to the Investment Managers are payable by the ACD out of its own fee income.

### 7.2.2. **Expenses**

The ACD is also entitled to all reasonable, properly documented, out of pocket expenses incurred in the performance of its duties as set out above, including stamp duty on transactions in shares and expenses incurred in effecting regulatory changes to the Company.

VAT is payable on the charges or expenses mentioned above, where appropriate.

If a Class's expenses in any period exceed its income the ACD may take that excess from the capital property attributable to that Class.

The current annual fee payable to the ACD for a Class may only be increased or a new type of remuneration introduced in accordance with the Regulations.

### 7.3. **Depository's fee and expenses**

The Depository receives for its own account a periodic fee which will accrue and is due monthly on the last Business Day in each calendar month in respect of that day and the period since the last Business Day in the preceding month and is payable within seven days after the last Business Day in each month. The fee is calculated by reference to the value of the Company on the last Business Day of the preceding month except for the first accrual which is calculated by reference to the first Valuation Point of the Company.

The rate of the periodic fee shall be as agreed between the ACD and the Depository from time to time. The current rate of the Depository's periodic fee in respect of each Sub-fund is 2bps per annum of the value of the Scheme Property of the relevant Sub-fund, subject to a minimum of £17,500 plus VAT per Sub-fund.

These rates can be varied from time to time in accordance with the OEIC Regulations and the Rules.

As the appointed delegate of the Depository, the Custodian shall be separately entitled to be paid transaction and custody charges in relation to transaction handling and safekeeping of the Scheme Property as follows:

<i>Item</i>	<i>Range</i>
Custody/safekeeping charges	1 to 75bps per annum
Transaction/settlement charges	£13 to £138 per transaction

Transaction and custody charges vary from country to country depending on the markets and the type of transaction involved. Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable, and in any event not later than the last Business Day of the month when such charges arose or as otherwise agreed between the Depository and the ACD. Custody charges accrue and are payable as agreed from time to time by the ACD and the Depository.

The Depository will also be entitled to payment and reimbursement of all costs, liabilities and expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Instrument of Incorporation, the OEIC Regulations, the Rules or the general law as agreed with the ACD.

On a winding up, redemption or termination of the Company or the Depository Agreement, the Depository will be entitled to its pro rata fees, charges and expenses to the date of winding up, redemption or termination (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations.

Any value added tax on any fees, charges or expenses payable to the Depository will be added to such fees, charges or expenses.

Any of the Depositary's fees, charges and expenses described above may be payable to any person (including the ACD or any associate or nominee of the Depositary or of the ACD) who has had the relevant duty delegated to it by the Depositary pursuant to the FCA Rules.

**7.4. Investment Managers' fee**

The Investment Managers' fees and expenses (plus VAT thereon) for providing investment management services will be paid by the ACD out of its remuneration under the ACD Agreement.

Further details of this agreement are summarised in paragraph 6.4.2 "Terms of Appointment" above.

**7.5. Allocation of fees and expenses between Sub-funds**

All the above fees, duties and charges (other than those borne by the ACD) will be charged to the Sub-fund in respect of which they were incurred. This includes any charges and expenses incurred in relation to the Register of Shareholders, except that these will be allocated and charged to each class of Shares on a basis agreed between the ACD and the Depositary.

Where an expense is not considered to be attributable to any one Sub-fund, the expense will, subject to applicable law, normally be allocated to all Sub-funds pro rata to the value of the Net Asset Value of the Sub-funds, although the ACD has discretion to allocate these fees and expenses in a manner which it considers fair to Shareholders generally in accordance with COLL.

Where income is insufficient to pay charges the residual amount is taken from capital.

**8. INSTRUMENT OF INCORPORATION**

The Instrument of Incorporation is available for inspection at the ACD's offices at Hamilton Centre, Rodney Way, Chelmsford, Essex CM1 3BY.

## **9. SHAREHOLDER MEETINGS AND VOTING RIGHTS**

### **9.1. Class, Company and Sub-fund Meetings**

The Company has dispensed with the holding of annual general meetings.

The provisions below, unless the context otherwise requires, apply to Class meetings and meetings of Sub-funds as they apply to general meetings of the Company, but by reference to Shares of the Class or Sub-fund concerned and the Shareholders and value and prices of such Shares.

### **9.2. Requisitions of Meetings**

The ACD may requisition a general meeting at any time.

Shareholders may also requisition a general meeting of the Company. A requisition by Shareholders must state the objects of the meeting, be dated, be signed by Shareholders who, at the date of the requisition, are registered as holding not less than one tenth in value of all Shares then in issue and the requisition must be deposited at the head office of the Company. The ACD must convene a general meeting no later than eight weeks after receipt of such requisition.

### **9.3. Notice and Quorum**

Shareholders will receive at least 14 days' notice of a general meeting and are entitled to be counted in the quorum and vote at such meeting either in person or by proxy. The quorum for a meeting is two Shareholders, present in person or by proxy. The quorum for an adjourned meeting is one person entitled to be counted in a quorum. Notices of meetings and adjourned meetings will be sent to Shareholders at their registered addresses.

### **9.4. Voting Rights**

At a general meeting, on a show of hands every Shareholder who (being an individual) is present in person or (being a corporation) is present by its representative properly authorised in that regard, has one vote.

On a poll vote, a Shareholder may vote either in person or by proxy. The voting rights attaching to each Share are such proportion of the voting rights attached to all the Shares in issue that the price of the Share bears to the aggregate price of all the Shares in issue at the date seven days before the notice of meeting is sent out, such date to be decided by the ACD.

A Shareholder entitled to more than one vote need not, if he votes, use all his votes or cast all the votes he uses in the same way.

In the case of joint Shareholders, the vote of the most senior Shareholder who votes, whether in person or by proxy, must be accepted to the exclusion of the votes of the other joint Shareholders. For this purpose seniority must be determined by the order in which the names stand in the Register.

Except where the COLL Sourcebook or the Instrument of Incorporation require an extraordinary resolution (which needs at least 75% of the votes cast at the meeting to be in favour if the resolution is to be passed) any resolution required by the COLL Sourcebook will be passed by a simple majority of the votes validly cast for and against the resolution.

The ACD may not be counted in the quorum for a meeting and neither the ACD nor any associate (as defined in the COLL Sourcebook) of the ACD is entitled to vote at any meeting of the Company except in respect of Shares which the ACD or associate holds on behalf of or jointly with a person who, if the registered Shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions.

Where all the Shares in a Sub-fund are registered to, or held by, the ACD or its associates and they are therefore prohibited from voting and a resolution (including an extraordinary resolution) is required to conduct business at a meeting, it shall not be necessary to convene such a meeting and a resolution may, with the prior written agreement of the Depositary, instead be passed with the written consent of Shareholders representing 50% or more, or for an extraordinary resolution 75% or more, of the Shares in issue.

"Shareholders" in this context means Shareholders on the date seven days before the notice of the relevant meeting was sent out but excludes holders who are known to the ACD not to be shareholders at the time of the meeting.

#### 9.5. **Variation of Class or Sub-fund rights**

The rights attached to a Class or Sub-fund may not be varied without the sanction of an extraordinary resolution passed at a meeting of Shareholders of that Class or Sub-fund.

## **10. TAXATION**

### **10.1. General**

The information below is a general guide based on current United Kingdom law and HM Revenue & Customs practice, all of which are subject to change. It summarises the tax position of the Company and of investors who are United Kingdom resident individuals and hold Shares as investments. The regime for taxation of income and capital gains received by individual investors depends on the tax law applicable to their personal circumstances and/or the place where the Scheme Property is invested. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice.

### **10.2. The Company**

The Company is generally exempt from United Kingdom tax on capital gains realised on the disposal of its investments. However, any gains realised on holdings in non-reporting offshore funds will incur a tax charge on disposal.

Any dividend distribution received by the Company will not normally be charged to corporation tax provided that it falls within one of the exempt classes set out in the relevant legislation. The Company will be subject to corporation tax on most other types of income but after deducting allowable management expenses and the gross amount of any interest distributions. Where the Company suffers foreign tax on income received, this will normally be an irrecoverable tax expense.

The Company will make dividend distributions except where more than a certain percentage of its property has been invested throughout the distribution period in interest-paying investments, in which case it will make interest distributions.

### **10.3. Shareholders**

#### **10.3.1. Income**

UK resident and domiciled Shareholders are taxed on the full net income earned for them, whether distributed or accumulated. Shareholders will be sent tax vouchers stating the make up of their distributions showing in each case their taxable income and the tax which has been applied. Individuals liable to income tax at the basic rate will have no further liability to tax. Higher and additional rate taxpayers will have to pay an additional amount of income tax on the amount received. Certain categories of Shareholder may be able to reclaim some tax credits.

Dividend distributions will be streamed into franked and unfranked income for the Shareholders chargeable to UK corporation tax, according to the underlying gross income of the Company. The unfranked element will be treated as an annual payment which has been subject to income tax at a rate of 20%, and the Shareholder may therefore be liable to further tax.

### 10.3.2. **Income equalisation**

In accordance with the Instrument of Incorporation, the Company will not operate income equalisation at this time. .

### 10.3.3. **Capital Gains**

Shareholders may be liable to capital gains tax on gains arising from the redemption, transfer or other disposal of Shares. The rate of tax, and available reliefs, will be as applicable from time to time.

An exchange of Shares in one Sub-fund of the Company for Shares in another Sub-fund will normally be treated as a disposal for this purpose but exchanges of Shares between classes within a Sub-fund are generally not.

Shareholders chargeable to UK corporation tax must include all chargeable gains realised on the disposal of Shares in their taxable profits.

### 10.3.4. **Inheritance Tax**

Shares held in any of the Funds will generally form part of an individual's estate and will therefore potentially be subject to inheritance tax ("IHT").

Where a Shareholder is in any doubt as to their tax status, they should seek advice from a professional tax adviser.

### 10.3.5. **The International Tax Compliance Regulations**

The Company is required to comply with The International Tax Compliance Regulations. The regulations transpose into UK law rules and obligations derived from European Union law and inter-governmental agreements entered into by the UK which are aimed at increasing transparency and reducing tax evasion.

To be compliant with these regulations the Company must collect information about each investor's tax residence and in certain circumstances provide information about investors' Shareholdings to HMRC. HMRC may in turn share this information with overseas tax authorities.

Therefore, where an investor fails to provide the information required by the Company to comply with its obligations to HMRC this may result in the ACD taking appropriate action against the Shareholder, including invoking the compulsory transfer and redemption provisions set out in paragraph 3.8.

The ACD intends to procure compliance with the regulations but cannot give an assurance that this will be achieved. The underlying laws and agreements are a complex area of tax law and investors should consult their professional advisers on the implications these rules may have for them.

#### 10.4. Reporting of Tax Information

The Company and the ACD are subject to obligations which require them to provide certain information to relevant tax authorities about the Company, investors and payments made to them.

The International Tax Compliance Regulations, SI 2015/878 (which give effect in the UK to amendments made to the EU Directive on Administrative Cooperation, Directive 2011/16/EU, which replace the reporting obligations under the Taxation of Savings Income Directive 2003/48/EC) may require the disclosure to HMRC of details of payments of interest and other income (which may include distributions on redemption payments by collective investment funds) to shareholders who are individuals or residual entities, and HMRC will pass such details to the EU member state where the shareholder resides.

The International Tax Compliance (Crown Dependencies and Gibraltar) Regulations 2014 imposed a separate reporting regime for investors from several of the UK's overseas territories: Jersey, Guernsey, Isle of Man and Gibraltar.

The International Tax Compliance Regulations 2015 give effect to reporting obligations under the OECD's Common Reporting Standard, which replaced the reporting regime for investors from the UK's overseas territories with effect from 1 January 2016 and extends it to investors from other jurisdictions.

The International Tax Compliance Regulations 2015 also give effect to an intergovernmental agreement between the US and the United Kingdom in relation to the US Foreign Account Tax Compliance Act ("FATCA"). FATCA is designed to help the IRS combat US tax evasion. It requires financial institutions, such as the Company, to report on US investors or US holdings, whether or not this is relevant. Failure to comply (or be deemed compliant) with these requirements will subject a Fund to US withholding taxes on certain US-sourced income and gains.

Provided the Company complies with its obligations under the International Tax Compliance Regulations 2015 to identify and report US taxpayer information directly to HMRC, it should be deemed compliant with FACTA. HMRC will share such information with the IRS.

Shareholders may be asked to provide additional information to the ACD to enable the Company to satisfy these obligations. Failure to provide requested information may subject a Shareholder to liability for any resulting US withholding taxes, US tax information reporting and/or mandatory redemption, transfer or other termination of the Shareholder's interest in the Company.

To the extent the Company is subject to withholding tax as a result of:

- a Shareholder failing (or delaying) to provide relevant information to the ACD;
- a Shareholder failing (or delaying) to enter into a direct agreement with the IRS;

- the Company becoming liable under FATCA or any legislation or regulation to account for tax in any jurisdiction in the event that a Shareholder or beneficial owner of a Share receives a distribution, payment or redemption, in respect of their Shares or disposes (or be deemed to have disposed) of part or all of their Shares in any way;

(each a “Chargeable Event”),

the ACD may take any action in relation to a Shareholder’s or beneficial owner’s holding to ensure that such withholding is economically borne by the relevant Shareholder or beneficial owner, and/or the ACD and/or its delegate or agent shall be entitled to deduct from the payment arising on a Chargeable Event an amount equal to the appropriate tax. The action by the ACD may also include, but is not limited to, removal of a non-compliant Shareholder from the Company or the ACD or its delegates or agents redeeming or cancelling such number of Shares held by the Shareholder or such beneficial owner as are required to meet the amount of tax. Neither the ACD nor its delegate or agent, will be obliged to make any additional payments to the Shareholder or beneficial owner in respect of such withholding or deduction.

Each investor agrees to indemnify the Company, and/or the ACD and its delegates/agents for any loss caused by such investor arising to the Company, or ACD and/or its delegates/agents by reason of them becoming liable to account for tax in any jurisdiction on the happening of a Chargeable Event.

**The foregoing statements are based on UK law and HMRC practice as known at the date of this Prospectus, is subject to change and are intended to provide general guidance only. Shareholders and applicants for Shares are recommended to consult their professional advisers if they are in any doubt about their tax position.**

**No liability is accepted by the ACD for such interpretation and all Shareholders should seek independent legal and taxation advice.**

## 11. WINDING UP OF THE COMPANY OR A SUB-FUND

The Company will not be wound up except as an unregistered company under Part V of the Insolvency Act 1986 or under the COLL Sourcebook. A Sub-fund may only be terminated under the COLL Sourcebook.

Where the Company is to be wound up or a Sub-fund terminated under the COLL Sourcebook, such winding up or termination may only be commenced following approval by the FCA. The FCA may only give such approval if the ACD provides a statement (following an investigation into the affairs of the Company or the Sub-fund (as the case may be)) either that the Company (or the Sub-fund) will be able to meet its liabilities within 12 months of the date of the statement or that the Company (or Sub-fund) will be unable to do so. The Company may not be wound up or a Sub-fund terminated under the COLL Sourcebook if there is a vacancy in the position of ACD at the relevant time.

The Company shall be wound up or a Sub-fund must be terminated under the COLL Sourcebook:

- 11.1. if an extraordinary resolution to that effect is passed by Shareholders; or
- 11.2. when the period (if any) fixed for the duration of the Company or a particular Sub-fund by the Instrument of Incorporation expires, or any event occurs on the occurrence of which the Instrument of Incorporation provides that the Company or a particular Sub-fund is to be wound up (for example, if the Share capital of the Company or (in relation to any Sub-fund) the Net Asset Value of the Sub-fund is below £1 million, or if a change in the laws or regulations of any country means that, in the ACD's opinion, it is desirable to terminate the Sub-fund);
- 11.3. on the date stated in any agreement by the FCA to a request by the ACD for the revocation of the authorisation order in respect of the Company or for the termination of the relevant Sub-fund;
- 11.4. on the effective date of a duly approved scheme of arrangement which is to result in the Company or Sub-fund ceasing to hold any Scheme Property; or
- 11.5. on the date on which all of the Sub-funds of the Company fall within 11.4 or have otherwise ceased to hold any Scheme Property, notwithstanding that the Company may have assets and liabilities that are not attributable to any particular Sub-fund.

On the occurrence of any of the above:

- 11.6. COLL 6.2 (Dealing), COLL 6.3 (Valuation and Pricing) and COLL 5 (Investment and borrowing powers) will cease to apply to the Company or the relevant Sub-fund;
- 11.7. the Company will cease to issue and cancel Shares in the Company or the relevant Sub-fund and the ACD shall cease to sell or redeem Shares or arrange for the Company to issue or cancel them for the Company or the relevant Sub-fund;

- 11.8. no transfer of a Share shall be registered and no other change to the Register of Shareholders shall be made without the sanction of the ACD;
- 11.9. where the Company is being wound up or a Sub-fund terminated, the Company or the Sub-fund shall cease to carry on its business except in so far as it is beneficial for the winding up of the Company or for the termination of the Sub-fund;
- 11.10. the corporate status and powers of the Company and subject to 11.6 to 11.9 above, the powers of the ACD shall continue until the Company is dissolved.

The ACD shall, as soon as practicable after the Company or the Sub-fund falls to be wound up or terminated, realise the assets and meet the liabilities of the Company or the Sub-Fund and, after paying out or retaining adequate provision for all liabilities properly payable and retaining provision for the costs of winding up or termination, arrange for the Depositary to make one or more interim distributions out of the proceeds to Shareholders proportionately to their rights to participate in the Scheme Property. If the ACD has not previously notified Shareholders of the proposal to wind up the Company or terminate the Sub-fund, the ACD shall, as soon as practicable after the commencement of winding up of the Company or the termination of the Sub-fund, give written notice of the commencement to Shareholders. When the ACD has caused all of the Scheme Property to be realised and all of the liabilities of the Company or the particular Sub-fund to be realised, the ACD shall arrange for the Depositary to make a final distribution to Shareholders on or prior to the date on which the final account is sent to Shareholders of any balance remaining in proportion to their holdings in the Company or the particular Sub-fund.

As soon as reasonably practicable after completion of the winding up of the Company or the particular Sub-fund, the Depositary shall notify the FCA that the winding up or termination has been completed.

On completion of a winding up of the Company or termination of a sub-fund, the Company will be dissolved or the Sub-fund terminated and any money (including unclaimed distributions) still standing to the account of the Company or the Sub-fund, will be paid into court by the ACD within one month of the dissolution or the termination.

Following the completion of a winding up of either the Company or a Sub-fund, the ACD must prepare a final account showing how the winding up took place and how the Scheme Property was distributed. The auditors of the Company shall make a report in respect of the final account stating their opinion as to whether the final account has been properly prepared. This final account and the auditors' report must be sent to the FCA and to each Shareholder (or the first named of joint Shareholders) on it within four months of the completion of the winding up or termination.

As the Company is an umbrella company, with each Sub-fund having segregated liability, any liabilities attributable or allocated to a particular Sub-fund under the COLL Sourcebook shall be met out of the Scheme Property attributable or allocated to that particular Sub-fund.

## **12. GENERAL INFORMATION**

### **12.1. Accounting Periods**

The annual accounting period of the Company ends each year on 31 March (the accounting reference date) with an interim accounting period ending on 30 September (the interim accounting reference date) or such other date as the ACD may determine.

The ACD may even out the payments of income within an accounting period by carrying forward income otherwise distributable with a view to augmenting amounts to be paid out at a later date. Details of the Sub-funds for which this policy is currently considered are set out in Appendix II.

### **12.2. Notice to Shareholders**

All notices or other documents sent by the ACD to a Shareholder will be sent by normal post (or by email if the Shareholder agrees) to the last address (or email address as appropriate) notified in writing to the Company by the Shareholder.

### **12.3. Income Allocations**

Some Sub-funds may have interim and final income allocations (see Appendix II). For each of the Sub-funds income is allocated in respect of the income available at each accounting date.

In relation to income Shares, distributions of income for each Sub-fund in which income Shares are issued are paid by cheque or bank transfer directly into a Shareholder's bank account on or before the relevant income allocation date in each year as set out in Appendix II.

For Sub-funds in which accumulation Shares are issued, income will become part of the capital property of the Sub-fund and will be reflected in the price of each such accumulation Share as at the end of the relevant accounting period.

If a distribution made in relation to any income Shares remains unclaimed for a period of six years after it has become due, it will be forfeited and will revert to the relevant Sub-fund (or, if that no longer exists, to the Company).

The amount available for distribution in any accounting period is calculated by taking the aggregate of the income received or receivable for the account of the relevant Sub-fund in respect of that period, and deducting the charges and expenses of the relevant Sub-fund paid or payable out of income in respect of that accounting period. The ACD then makes such other adjustments as it considers appropriate (and after consulting the Company's auditors as appropriate) in relation to taxation, income unlikely to be received within 12 months following the relevant income allocation date, income which should not be accounted for on an accrual basis because of lack of information as to how it accrues, transfers between the income and capital account and other matters.

#### 12.4. **Annual Reports**

The Company's annual long report incorporating audited financial statements will be published within four months after the end of the financial year and the interim long report within two months of the end of the interim accounting period.

Copies of the interim and annual long reports will be available on request from the ACD and on the ACD's website at [www.fundrock.com](http://www.fundrock.com).

Copies of all reports to Shareholders will be available for inspection by the general public at the ACD's offices at Hamilton Centre, Rodney Way, Chelmsford, Essex CM1 3BY.

#### 12.5. **Remuneration Policy**

The ACD establishes and applies remuneration policies and practices for UCITS Remuneration Code staff that:

- 12.5.1 are consistent with and promote sound and effective risk management;
- 12.5.2 do not encourage risk taking which is inconsistent with the risk profiles or the instrument constituting the fund or the prospectus, as applicable, of the UCITS it manages;
- 12.5.3 do not impair the ACD's compliance with its duty to act in the best interests of the UCITS it manages; and
- 12.5.4 include fixed and variable components of remuneration, including salaries and discretionary pension benefits.

Up-to-date details of the ACD's remuneration policy, including but not limited to (i) a description of how remuneration and benefits are calculated; and (ii) the identities of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists, can be found at [www.fundrock.com](http://www.fundrock.com). Shareholders may obtain a paper copy of the full remuneration policy, free of charge, on request from the ACD.

other legitimate business interests of the Company (including fraud prevention) to necessitate the processing (having shown that its legitimate interests are not overridden by the individuals' own interests, rights, and freedoms) or for any other specific purposes where the investor has given specific consent to the processing (in advance). If a prospective investor has provided consent for their personal data to be processed, the prospective investor shall be entitled to withdraw their consent at any time by contacting the ACD at DPO@apexfs.com. ## APPENDIX I

### INVESTMENT AND BORROWING POWERS OF THE COMPANY

#### 1. General

The Scheme Property of a Sub-fund will be invested with the aim of achieving the investment objective of that Sub-fund but subject to the limits set out in a Sub-fund's investment policy, this Prospectus and the limits set out in Chapter 5 of the COLL Sourcebook ("COLL 5") that are applicable to UK UCITS retail schemes. These limits apply separately to each Sub-fund as summarised below.

Normally, the Sub-funds will be fully invested save for an amount to enable redemption of shares, efficient management of the Sub-funds in relation to their strategic objectives and other purposes which may be reasonably regarded as ancillary to the investment objectives of the Sub-funds.

This amount will vary depending upon prevailing circumstances and although it would normally not exceed 10% of the total value of each Sub-fund, there may be times when the Investment Manager considers stock markets to be overpriced or that a period of instability exists which presents unusual risks. In such cases or during such periods, a higher level of liquidity may be maintained and, if considered prudent, the amount of fixed interest, cash or near cash instruments held would be increased. Unless market conditions were deemed unusually risky, the increased amount and period would not be expected to exceed 30% and six months respectively.

##### 1.1. Prudent spread of risk

The ACD must ensure that, taking account of the investment objectives and policy of each Sub-fund, the Scheme Property of each Sub-fund aims to provide a prudent spread of risk.

##### 1.2. Cover

1.2.1. Where the COLL Sourcebook allows a transaction to be entered into or an investment to be retained only (for example, investment in nil and partly paid securities and the general power to accept or underwrite) if possible obligations arising out of the investment transactions or out of the retention would not cause any breach of any limits in COLL 5, it must be assumed that the maximum possible liability of a Sub-fund under any other of those rules has also to be provided for.

1.2.2. Where the COLL Sourcebook permits an investment transaction to be entered into or an investment to be retained only if that investment transaction, or the retention, or other similar transactions, are covered:

- (a) it must be assumed that in applying any of those rules, a Sub-fund must also simultaneously satisfy any other obligation relating to cover; and

- (b) no element of cover must be used more than once.

## **2. UCITS Schemes – general**

- 2.1. Subject to the investment objective and policy of a Sub-fund, the Scheme Property of a Sub-fund must, except where otherwise provided in COLL 5, only consist of any or all of:
  - 2.1.1. transferable securities;
  - 2.1.2. approved money-market instruments;
  - 2.1.3. permitted units in collective investments schemes;
  - 2.1.4. permitted derivatives and forward transactions; and
  - 2.1.5. permitted deposits.

## **3. Transferable Securities**

- 3.1. A transferable security is an investment which is any of the following; (a) a share; (b) a debenture; (c) an alternative debenture; (d) a government and public security; (e) a warrant; or (f) a certificate representing certain securities.
- 3.2. An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.
- 3.3. In applying paragraph 3.2 of this Appendix to an investment which is issued by a body corporate, and which is a share or debenture, the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.
- 3.4. An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.

## **4. Investment in transferable securities**

- 4.1. A Sub-fund may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:
  - 4.1.1. the potential loss which a Sub-fund may incur with respect to holding the transferable security is limited to the amount paid for it;
  - 4.1.2. its liquidity does not compromise the ability of the ACD to comply with its obligation to redeem Shares at the request of any qualifying Shareholder under the FCA Handbook;
  - 4.1.2. reliable valuation is available for it as follows:
    - (a) in the case of a transferable security admitted to or dealt in on an eligible market, where there are accurate, reliable and regular

prices which are either market prices or prices made available by valuation systems independent from issuers;

- (b) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;

4.1.3. appropriate information is available for it as follows:

- (a) in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;
- (b) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the ACD on the transferable security or, where relevant, on the portfolio of the transferable security;

4.1.4. it is negotiable; and

4.1.5. its risks are adequately captured by the risk management process of the ACD.

4.2. Unless there is information available to the ACD that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed:

4.2.1. not to compromise the ability of the ACD to comply with its obligation to redeem Shares at the request of any qualifying Shareholder; and

4.2.2. to be negotiable.

## **5. Closed end funds constituting transferable securities**

5.1. A unit or a share in a closed end fund shall be taken to be a transferable security for the purposes of investment by a Sub-fund, provided it fulfils the criteria for transferable securities set out in paragraph 4 and either:

5.1.1. where the closed end fund is constituted as an investment company or a unit trust:

- (a) it is subject to corporate governance mechanisms applied to companies; and
- (b) where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or

5.1.2. Where the closed end fund is constituted under the law of contract:

- (a) it is subject to corporate governance mechanisms equivalent to those applied to companies; and
- (b) it is managed by a person who is subject to national regulation for the purpose of investor protection.

## **6. Transferable securities linked to other assets**

- 6.1. A Sub-fund may invest in any other investment which shall be taken to be a transferable security for the purposes of investment by a Sub-fund provided the investment:
  - 6.1.1. fulfils the criteria for transferable securities set out in 4 above; and
  - 6.1.2. is backed by or linked to the performance of other assets, which may differ from those in which a Sub-fund can invest.
- 6.2. Where an investment in 6.1 contains an embedded derivative component, the requirements of this section with respect to derivatives and forwards will apply to that component.

## **7. Approved Money-Market Instruments**

- 7.1. An approved money-market instrument is a money-market instrument which is normally dealt in on the money-market, is liquid and has a value which can be accurately determined at any time.
- 7.2. A money-market instrument shall be regarded as normally dealt in on the money-market if it:
  - 7.2.1. has a maturity at issuance of up to and including 397 days;
  - 7.2.2. has a residual maturity of up to and including 397 days;
  - 7.2.3. undergoes regular yield adjustments in line with money-market conditions at least every 397 days; or
  - 7.2.4. has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in 7.2.1 or 7.2.2 or is subject to yield adjustments as set out in 7.2.3.
- 7.3. A money-market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the ACD to redeem Shares at the request of any qualifying Shareholder.
- 7.4. A money-market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:
  - 7.4.1. enabling the ACD to calculate a net asset value in accordance with the value at which the instrument held in the Scheme Property of a Sub-fund

could be exchanged between knowledgeable willing parties in an arm's length transaction; and

7.4.2. based either on market data or on valuation models including systems based on amortised costs.

7.5. A money-market instrument that is normally dealt in on the money-market and is admitted to or dealt in on an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the ACD that would lead to a different determination.

## **8. Money-market instruments with a regulated issuer**

8.1 In addition to instruments admitted to or dealt in on an eligible market, a Fund may invest in an approved money-market instrument provided it fulfils the following requirements:

8.1.1 the issue or the issuer is regulated for the purpose of protecting investors and savings; and

8.1.2 the instrument is issued or guaranteed in accordance with paragraph 9 (issuers and guarantors of money market instruments).

## **10. Appropriate information for money-market instruments**

- 10.1 In the case of an approved money-market instrument within paragraph 9.1.2 or issued by a body of the type referred to in COLL 5.2.10E (G); or which is issued by an authority within paragraph 9.1.1 (b) or a public international body within paragraph 9.1.1 (f) but is not guaranteed by a central authority within paragraph 9.1.1 (a), the following information must be available:

## **11. Transferable securities and money-market instruments generally to be admitted or dealt in on an Eligible Market**

11.1. Transferable securities and approved money-market instruments held within a Sub-fund must be:

- (a) admitted to or dealt in on an eligible market within paragraph 12.3; or 12.4 or dealt in on an eligible market within paragraph 10.3(b), recently issued transferable securities (provided that the terms of issue include an undertaking that application will be made to be admitted to an eligible market and such admission is secured within a year of issue), or approved money-market instruments not admitted to or dealt in on an eligible market which satisfy the requirements of paragraph 12.3;
- (b) not more than 10% in value of the Scheme Property of a Sub-Fund is to consist of transferable securities and approved money market instruments that do not fall within sub-paragraph (a) above.

## **12. Eligible markets regime: purpose and requirements**

12.1. To protect Shareholders the markets on which investments of the Sub-funds are dealt in or traded on should be of an adequate quality ("eligible") at the time of acquisition of the investment and until it is sold.

12.2. Where a market ceases to be eligible, investments on that market cease to be approved securities. The 10% restriction on investing in non approved securities applies and exceeding this limit because a market ceases to be eligible will generally be regarded as an inadvertent breach.

- 12.3. A market is eligible for the purposes of the rules if it is:
- 12.3.1. a regulated market as defined in the FCA Handbook; or
  - 12.3.2. a market in the United Kingdom or an EEA State which is regulated, operates regularly and is open to the public;
- 12.4. A market not falling within paragraph 12.3.1 or 12.3.2 of this Appendix is eligible for the purposes of COLL 5 if:
- 12.4.1. the ACD, after consultation with and notification to the Depositary, decides that market is appropriate for investment of, or dealing in, the Scheme Property;
  - 12.4.2. the market is included in a list in the prospectus; and
  - 12.4.3. the Depositary has taken reasonable care to determine that:
    - (a) adequate custody arrangements can be provided for the investment dealt in on that market; and
    - (b) all reasonable steps have been taken by the ACD in deciding whether that market is eligible.
- 12.5. In paragraph 12.4, a market must not be considered appropriate unless it is regulated, operates regularly, is recognised by an overseas regulator, is open to the public, is adequately liquid and has adequate arrangements for unimpeded transmission of income and capital to or for the order of Shareholders.
- 12.6. The Eligible Markets for the Sub-funds are set out in Appendix III.

### **13. Spread: general**

- 13.1. This paragraph 13 on spread does not apply to transferable securities and money market instruments issued by public bodies ("Public Securities").
- 13.2. Not more than 20% in the value of the Scheme Property of a Sub-fund is to consist of deposits with a single body.
- 13.3. Not more than 5% in value of the Scheme Property of a Sub-fund is to consist of transferable securities or approved money-market instruments issued by any single body.
- 13.4. In applying paragraph 13.3, the limit of 5% is raised to 10% in respect of up to 40% in value of the property of each Sub-Fund. Covered bonds need not be taken into account for the purpose of applying the limit of 40%. For these purposes certificates representing certain securities are treated as equivalent to the underlying security.
- 13.5. The limit of 5% is raised to 25% in value of the Scheme Property in respect of covered bonds provided that when a Sub-fund invests more than 5% in covered

bonds issued by a single body, the total value of covered bonds held must not exceed 80% in value of the Scheme Property.

- 13.6. In applying paragraph 13.3, 13.4 and 13.5 certificates representing certain securities are treated as equivalent to the underlying security.
- 13.7. The exposure to any one counterparty in an OTC derivative transaction must not exceed 5% in value of the Scheme Property of a Sub-fund. This limit is raised to 10% where the counterparty is an Approved Bank.
- 13.8. Not more than 20% in value of the Scheme Property of a Sub-fund is to consist of transferable securities and approved money-market instruments issued by the same group.
- 13.9. Not more than 20% in value of the Scheme Property of a Sub-fund is to consist of the units of any one collective investment scheme.
- 13.10. In applying the limits in 13.2, 13.3, 13.4, 13.6 and 13.7, and subject to 13.5, not more than 20% in value of the Scheme Property of a Sub-fund is to consist of any combination of two or more of the following:
  - 13.10.1. transferable securities (including covered bonds) or approved money-market instruments issued by; or
  - 13.10.2. deposits made with; or
  - 13.10.3. exposures from OTC derivatives transactions made with;
    - a single body.

#### **14. Counterparty risk and issuer concentration**

- 14.1. An authorised fund manager of a UCITS scheme must ensure that counterparty risk arising from an OTC derivative transaction is subject to the limits set out in COLL 5.2.11R(7) and (10).
- 14.2. When calculating the exposure of a Sub-fund to a counterparty in accordance with the limits in COLL 5.2.11R(7) the ACD must use the positive mark-to-market value of the OTC derivative contract with that counterparty.
- 14.3. An ACD may net the OTC derivative positions of a Sub-fund with the same counterparty, provided:
  - (a) they are able legally to enforce netting agreements with the counterparty on behalf of the Sub-fund; and
  - (b) the netting agreements in (a) do not apply to any other exposures the UCITS scheme may have with that same counterparty.
- 14.4. An authorised fund manager of a UCITS scheme may reduce the exposure of the scheme property to a counterparty to an OTC derivative transaction through the

receipt of collateral. Collateral received must be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation.

- 14.5. The ACD must take collateral into account in calculating exposure to counterparty risk in accordance with the limits in COLL 5.2.11R(7) when it passes collateral to an OTC counterparty on behalf of a Sub-fund.
- 14.6. Collateral passed in accordance with paragraph 14.5 may be taken into account on a net basis only if the ACD is able legally to enforce netting arrangements with this counterparty on behalf of that Sub-fund.
- 14.7. The ACD must calculate the issuer concentration limits referred to in COLL 5.2.11R on the basis of the underlying exposure created through the use of OTC derivatives pursuant to the commitment approach.
- 14.8. In relation to the exposure arising from OTC derivatives as referred to in COLL 5.2.(10), the ACD must include any exposure to OTC derivative counterparty risk in the calculation.

## **15. Spread: government and public securities**

- 15.1. The following section applies to government and public securities (“such securities”).
- 15.2. Where no more than 35% in value of the Scheme Property of a Sub-fund is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.
- 15.3. The Company or a Sub-fund may invest more than 35% in value of the Scheme Property in such securities issued by any one body provided that:
  - 15.3.1. the ACD has before any such investment is made consulted with the Depositary and as a result considers that the issuer of such securities is one which is appropriate in accordance with the investment objectives of the relevant Sub-fund;
  - 15.3.2. no more than 30% in value of the Scheme Property consists of such securities of any one issue;
  - 15.3.3. the Scheme Property includes such securities issued by that or another issuer, of at least six different issues;
  - 15.3.4. the disclosures required by the FCA have been made.
- 15.4. In giving effect to the foregoing object more than 35% of the Scheme Property may be invested in Government and other public securities issued or guaranteed by the United Kingdom and Northern Ireland, the Governments of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Netherlands, Norway, Portugal, Spain Sweden and Switzerland and the Governments of Australia, Canada, Japan, New Zealand or the United States of America and securities issued by the Asian Development Bank (ADB), Council of Europe Development Bank, Deutsche Ausgleichsbank

(DTA), Eurofima, European Bank for Reconstruction and Development (EBRD), International Finance Corporation (IFC), Kreditanstalt für Wiederaufbau (KfW), the Nordic Investment Bank (NIB) and the European Investment Bank.

- 15.5. Notwithstanding 13.1 and subject to 15.1, in applying the 20% limit in paragraph 13.10 with respect to a single body, government and public securities issued by that body shall be taken into account.

## **16. Investment in collective investment schemes**

- 16.1. Up to 100% of the value of the Scheme Property of a Sub-fund may be invested in units or shares in other collective investment schemes ("Second Scheme") provided the Second Scheme satisfies all of the following conditions and provided that no more than 30% in value of the Scheme Property of a Sub-fund is invested in Second Schemes within 16.2(b) to 16.2(e) below.

- 16.2 The Second Scheme must:

- (a) comply with the conditions necessary for it to enjoy the rights conferred by the UCITS Directive; or

- (d) be authorised in another EEA State provided the requirements of COLL 5.2.13AR are met; or
- (e) be authorised by the competent authority of an OECD member country (other than another EEA State) which has:
  - (i) signed the IOSCO Multilateral Memorandum of Understanding; and
  - (ii) approved the Second Scheme's management company, rules and depositary/custody arrangements;

(provided the requirements of COLL 5.2.13AR are met).

- 16.3 The Second Scheme must comply, where relevant, with COLL 5.2.15R (Investment in associated collective investment schemes) and COLL 5.2.16R (Investment in other group schemes).

- 16.4 The Second Scheme must have terms that prohibit it from having more than 10% in value of its property consisting of units or shares in collective investment schemes.

- 16.5 Where the Second Scheme is an umbrella, the provisions in paragraphs 16.3 and 16.4 and COLL 5.2.11R apply to each Sub-Fund as if it were a separate collective investment scheme.
- 16.6 In accordance with COLL 5.2.15R (investment in associated collective investment schemes) each of the Sub-Funds may include units in a Second Scheme managed or operated by the ACD or an associate of the ACD (an “**Associated Scheme**”), provided the conditions in paragraph 16.7 are complied with.
- 16.7 A Sub-Fund must not invest in or dispose of units in an Associated Scheme unless:
- (a) there is no charge in respect of the investment in or the disposal of units in the Second Scheme; or
  - (b) the ACD is under a duty to pay the Sub-Fund by the close of business on the fourth Business Day following the date of the agreement to invest or dispose the amount referred to in paragraphs 16.7.1 or 16.7.2 below.
- 16.7.1 Where an investment is made, the amount referred to in paragraph 16.7 (b) is either:
- (a) any amount by which the consideration paid by the Sub-Fund for the units in the Associated Scheme exceeds the price that would have been paid for the benefit of the Associated Scheme had the units been newly issued or sold by it; or
  - (b) if such price cannot be ascertained by the ACD, the maximum amount of any charge permitted to be made by the seller of units in the Second Scheme;
- 16.7.2 Where a disposal is made, the amount referred to in paragraph 16.7 (b) is the amount of any charge made for the account of the authorised fund manager or operator of the Associated Scheme or an associate of any of them in respect of the disposal.
- 16.8 In paragraph 16.7:
- (a) any addition to or deduction from the consideration paid on the acquisition or disposal of units in the Associated Scheme, which is applied for the benefit of the Associated Scheme and is, or is like, a dilution levy or SDRT provision, is to be treated as part of the price of the units and not as part of any charge; and
  - (b) any Switching charge made in respect of an exchange of units in one Sub-Fund or separate part of the Associated Scheme for units in another Sub-Fund or separate part of that collective investment scheme is to be included as part of the consideration paid for the units.
- 16.9 No Sub-Fund may invest in another Sub-Fund of the Company.

## 17. Investment in nil and partly paid securities

A transferable security or an approved money-market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by a Sub-fund, at the time when payment is required, without contravening the rules in COLL 5.

## 18. Investment in deposits

- 18.1 A Sub-Fund may invest in deposits only with an Approved Bank and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

## 19. Derivatives: general

**Unless otherwise stated in the Prospectus, the Investment Manager may employ derivatives for the purposes of meeting the investment objectives of the Sub-funds and may further employ derivatives for the purposes of hedging with the aim of reducing the risk profile of the Sub-funds, or reducing costs, or generating additional capital or income, in accordance with Efficient Portfolio Management ("EPM"), further information on EPM is provided in paragraph 20. To the extent that derivative instruments are utilised for hedging purposes, the risk of loss to the Sub-funds may be increased where the value of the derivative instrument and the value of the security or position which it is hedging prove to be insufficiently correlated.**

- 19.1. A transaction in derivatives or a forward transaction must not be effected for the Company unless the transaction is of a kind specified in paragraph 19 (Permitted transactions (derivatives and forwards)) below, and the transaction is covered, as required by paragraph 31 (Cover for investment in derivatives and forward transactions) of this Appendix.
- 19.2. Where the Company invests in derivatives, the exposure to the underlying assets must not exceed the limits set out in the COLL Sourcebook in relation to COLL 5.2.11R (Spread: general) and COLL 5.2.12R (Spread: government and public securities) except for index based derivatives where the rules below apply.
- 19.3. Where a transferable security or approved money-market instrument embeds a derivative, this must be taken into account for the purposes of complying with this section.
- 19.4. A transferable security or an approved money-market instrument will embed a derivative if it contains a component which fulfils the following criteria:
- 19.4.1. by virtue of that component some or all of the cash flows that otherwise would be required by the transferable security or approved money-market instrument which functions as host contract can be modified according to a specified interest rate, financial instrument price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable, and therefore vary in a way similar to a stand-alone derivative;

- 19.4.2. its economic characteristics and risks are not closely related to the economic characteristics and risks of the host contract; and
- 19.4.3. it has a significant impact on the risk profile and pricing of the transferable security or approved money-market instrument.
- 19.5. A transferable security or an approved money-market instrument does not embed a derivative where it contains a component which is contractually transferable independently of the transferable security or the approved money-market instrument. That component shall be deemed to be a separate instrument.
- 19.6. Where the Company invests in an index based derivative, provided the relevant index falls within paragraph 22 (Financial Indices underlying derivatives), the underlying constituents of the index do not have to be taken into account for the purposes of COLL 5.2.11R and COLL 5.2.12R.

## **20. Efficient Portfolio Management**

  - (c) the generation of additional capital or income for the Fund with a risk level which is consistent with the risk profile of the Fund and the risk diversification rules laid down in COLL.
- 20.2. A transaction which is regarded as speculative will not be permitted. A list of the current eligible derivatives markets is set out in Appendix III. Further derivatives markets may be added following consultation with the Depositary in accordance with COLL.
- 20.3. A derivatives or forward transaction which would or could lead to delivery of property to the Depositary may be entered into only if such property can be held by the Company and the ACD has taken reasonable care to determine that delivery of the property pursuant to the transaction will not lead to a breach of the relevant provisions in COLL.
- 20.4. Where a transaction is entered into for hedging purposes and relates to the actual or potential acquisition of transferable securities, the ACD must intend that the Company should invest in such transferable securities within a reasonable time

and the ACD must ensure that, unless the position has itself been closed out, that intention is realised within such time.

**21. Permitted transactions (derivatives and forwards)**

- 21.1. A transaction in a derivative must be in an approved derivative; or be one which complies with paragraph 26 (OTC transactions in derivatives).

- 21.5. A transaction in a derivative must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more, transferable securities, approved money-market instruments, units in collective investment schemes, or derivatives.
- 21.6. Any forward transaction must be with an Eligible Institution or an Approved Bank.
- 21.7. A derivative includes an investment which fulfils the following criteria:
- 21.7.1. it allows transfer of the credit risk of the underlying independently from the other risks associated with that underlying;

- 21.7.2. it does not result in the delivery or the transfer of assets other than those referred to in paragraph 21.2, including cash;
  - 21.7.3. in the case of an OTC derivative, it complies with the requirements in paragraph 26; and
  - 21.7.4. its risks are adequately captured by the risk management process of the ACD and by its internal control mechanisms in the case of risk asymmetry of information between the ACD and the counterparty to the derivative resulting from the potential access of the counterparty to non-public information on persons whose assets are used as the underlying by that derivative.
- 21.8. A Sub-fund may not undertake transactions in derivatives on commodities.

## **22. Financial Indices underlying derivatives**

- 22.1. The financial indices referred to in 21.2.6 are those which satisfy the following criteria:
- 22.1.1. the index is sufficiently diversified;
  - 22.1.2. the index represents an adequate benchmark for the market to which it refers; and

- 22.2.1. it is composed in such a way that price movements or trading activities regarding one component do not unduly influence the performance of the whole index;
  - 22.2.2. where it is composed of assets in which a Sub-fund is permitted to invest, its composition is at least diversified in accordance with the requirements with respect to spread and concentration set out in this section; and
  - 22.2.3. where it is composed of assets in which a Sub-fund cannot invest, it is diversified in a way which is equivalent to the diversification achieved by the requirements with respect to spread and concentration set out in this section.
- 22.3. A financial index represents an adequate benchmark for the market to which it refers if:
- 22.3.1. it measures the performance of a representative group of underlyings in a relevant and appropriate way;
  - 22.3.2. it is revised or rebalanced periodically to ensure that it continues to reflect the markets to which it refers, following criteria which are publicly available; and

- 22.3.3. the underlyings are sufficiently liquid, allowing users to replicate it if necessary.
- 22.4. A financial index is published in an appropriate manner if:
  - 22.4.1. its publication process relies on sound procedures to collect prices, and calculate and subsequently publish the index value, including pricing procedures for components where a market price is not available; and
  - 22.4.2. material information on matters such as index calculation, rebalancing methodologies, index changes or any operational difficulties in providing timely or accurate information is provided on a wide and timely basis.
- 22.5. Where the composition of underlyings of a transaction in a derivative does not satisfy the requirements for a financial index, the underlyings for that transaction shall where they satisfy the requirements with respect to other underlyings pursuant to 21.2, be regarded as a combination of those underlyings.

### **23. Significant Influence**

- 23.1 The Company must not acquire transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that body corporate if:
  - 23.1.1 immediately before the acquisition, the aggregate of any such securities held by the Company gives the Company power to significantly influence the conduct of business of that body corporate; or
  - 23.1.2 the acquisition gives the Company that power.

For the purposes of paragraph 23, the Company is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held by it, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).

### **24. Transactions for the purchase of property**

- 24.1. A derivative or forward transaction which will or could lead to the delivery of property for the account of a Sub-fund may be entered into only if that property can be held for the account of that Sub-fund, and the ACD having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the COLL Sourcebook.

### **25. Requirement to cover sales**

- 25.1. No agreement by or on behalf of a Sub-fund to dispose of property or rights may be made unless the obligation to make the disposal and any other similar obligation could immediately be honoured by that Sub-fund by delivery of property or the assignment (or, in Scotland, assignation) of rights, and the

property and rights above are owned by a Sub-fund at the time of the agreement. This requirement does not apply to a deposit.

26.1.2. with an approved counterparty; a counterparty to a transaction in derivatives is approved only if the counterparty is an Eligible Institution or an Approved Bank; or a person whose permission (including any requirements or limitations), as published in the Financial Services Register or whose Home State authorisation, permits it to enter into the transaction as principal off-exchange;

26.1.3. on approved terms; the terms of the transaction in derivatives are approved only if, the ACD: carries out, at least daily, a reliable and verifiable valuation in respect of that transaction corresponding to its fair value and which does not rely only on market quotations by the counterparty and can enter into one or more further transactions to sell, liquidate or close out that transaction at any time, at its fair value; and

26.1.4. capable of reliable valuation; a transaction in derivatives is capable of reliable valuation only if the ACD having taken reasonable care determines that, throughout the life of the derivative (if the transaction is entered into), it will be able to value the investment concerned with reasonable accuracy:

(a) on the basis of an up-to-date market value which the ACD and the Depositary have agreed is reliable; or

(b) if the value referred to in 26.1.4 (a) is not available, on the basis of a pricing model which the ACD and the Depositary have agreed uses an adequate recognised methodology; and

26.1.5. subject to verifiable valuation: a transaction in derivatives is subject to verifiable valuation only if, throughout the life of the derivative (if the transaction is entered into) verification of the valuation is carried out by:

(b) a department within the ACD which is independent from the department in charge of managing a Sub-fund and which is adequately equipped for such a purpose.

26.2. For the purposes of paragraph 26.1.3, "fair value" is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

## **27. Valuation of OTC derivatives**

27.1. For the purposes of paragraph 26.1.3 the ACD must:

27.1.1. establish, implement and maintain arrangements and procedures which ensure appropriate, transparent and fair valuation of the exposures of a Sub-fund to OTC derivatives; and

27.1.2. ensure that the fair value of OTC derivatives is subject to adequate, accurate and independent assessment.

27.2. Where the arrangements and procedures referred to in paragraph 27.1 above involve the performance of certain activities by third parties, the ACD must comply with the requirements in SYSC 8.1.13 R (Additional requirements for a management company) and COLL 6.6A.4 R (5) and (6) (Due diligence requirements of AFMs of UCITS schemes).

27.3. The arrangements and procedures referred to in 27.1 must be:

27.3.1. adequate and proportionate to the nature and complexity of the OTC derivative concerned; and

27.3.2. adequately documented.

## **28. Risk Management**

28.1. The ACD uses a risk management process (including a risk management policy) in accordance with COLL 6.12, as reviewed by the Depositary and filed with the FCA, enabling it to monitor and measure any time the risk of a Sub-fund's positions and their contribution to the overall risk profile of the Sub-fund. The following details of the risk management process: must be regularly notified to the FCA and at least on an annual basis:

28.1.1. a true and fair view of the types of derivatives and forward transactions to be used within the Sub-fund together with their underlying risks and any relevant quantitative limits; and

28.1.2. the methods for estimating risks in derivative and forward transactions.

28.2. The ACD must notify the FCA in advance of any material alteration to the details above.

## **29. Concentration**

29.1. The Company must not acquire transferable securities other than debt securities which:

29.1.1. do not carry a right to vote on any matter at a general meeting of the body corporate that issued them; and

29.1.2. represent more than 10% of these securities issued by that body corporate;

- 29.2. The Company must not acquire more than 10% of the debt securities issued by any single issuing body;
- 29.3. The Company must not acquire more than 25% of the units in a collective investment scheme;
- 29.4. The Company must not acquire more than 10% of the approved money-market instruments issued by any single body; and
- 29.5. The Company need not comply with the limits in paragraphs 29.2, 29.3 and 29.4 of this Appendix if, at the time of the acquisition, the net amount in issue of the relevant investment cannot be calculated.

### **30. Derivative exposure**

- 30.1. The Sub-funds may invest in derivatives and forward transactions as long as the exposure to which a Sub-fund is committed by that transaction itself is suitably covered from within its Scheme Property. Exposure will include any initial outlay in respect of that transaction.
- 30.2. Cover ensures that a Sub-fund is not exposed to the risk of loss of property, including money, to an extent greater than the net value of the Scheme Property. Therefore, a Sub-fund must hold Scheme Property sufficient in value or amount to match the exposure arising from a derivative obligation to which that Sub-fund is committed. Paragraph 32 (Cover for investment in derivatives and forward transactions) below sets out detailed requirements for cover of that Sub-fund.
- 30.3. A future is to be regarded as an obligation to which a Sub-fund is committed (in that, unless closed out, the future will require something to be delivered, or accepted and paid for); a written option as an obligation to which a Sub-fund is committed (in that it gives the right of potential exercise to another thereby creating exposure); and a bought option as a right (in that the purchaser can, but need not, exercise the right to require the writer to deliver and accept and pay for something).
- 30.4. Cover used in respect of one transaction in derivatives or forward transaction must not be used for cover in respect of another transaction in derivatives or a forward transaction.

### **31. Schemes replicating an index**

- 31.1. Notwithstanding paragraph 13 (Spread: general), a Sub-fund may invest up to 20% in value of the Scheme Property in shares and debentures which are issued by the same body where the stated investment policy is to replicate the composition of a relevant index as defined below.
- 31.2. Replication of the composition of a relevant index shall be understood to be a reference to a replication of the composition of the underlying assets of that index, including the use of techniques and instruments permitted for the purpose of efficient portfolio management.

- 31.3. The 20% limit can be raised for a particular Sub-fund up to 35% in value of the Scheme Property, but only in respect of one body and where justified by exceptional market conditions.
- 31.4. In the case of a Sub-fund replicating an index the Scheme Property need not consist of the exact composition and weighting of the underlying in the relevant index in cases where a Sub-fund's investment objective is to achieve a result consistent with the replication of an index rather than an exact replication.
- 31.5. The indices referred to above are those which satisfy the following criteria:
- 31.5.1. the composition is sufficiently diversified;
  - 31.5.2. the index represents an adequate benchmark for the market to which it refers; and
  - 31.5.3. the index is published in an appropriate manner.
- 31.6. The composition of an index is sufficiently diversified if its components adhere to the spread and concentration requirements in this section.
- 31.7. An index represents an adequate benchmark if its provider uses a recognised methodology which generally does not result in the exclusion of a major issuer of the market to which it refers.
- 31.8. An index is published in an appropriate manner if:
- 31.8.1. it is accessible to the public;
  - 31.8.2. the index provider is independent from the index-replicating UCITS scheme; this does not preclude index providers and the UCITS scheme from forming part of the same group, provided that effective arrangements for the management of conflicts of interest are in place.

## **32. Cover for investment in derivatives and forward transactions**

- 32.1. A Sub-fund may invest in derivatives and forward transactions as part of its investment policy provided:
- 32.1.1. its global exposure relating to derivatives and forward transactions held in the Sub-fund does not exceed the net value of the Scheme Property; and
  - 32.1.2. its global exposure to the underlying assets does not exceed in aggregate the investment limits laid down in paragraph 13 above.

## **33. Cover and Borrowing**

- 33.1. Cash obtained from borrowing, and borrowing which the ACD reasonably regards an Eligible Institution or an Approved Bank to be committed to provide, is not available for cover under paragraph 32 (Cover for investment in derivatives and forward transactions) except where 33.2 below applies.

- 33.2. Where, for the purposes of this paragraph a Sub-fund borrows an amount of currency from an Eligible Institution or an Approved Bank; and keeps an amount in another currency, at least equal to such borrowing for the time being in 33.1 on deposit with the lender (or his agent or nominee), then this paragraph 33.2 applies as if the borrowed currency, and not the deposited currency, were part of the Scheme Property.

#### **34. Calculation of global exposure**

- 34.1. The ACD must calculate the global exposure of a Sub-fund on at least a daily basis.
- 34.2. The ACD must calculate the global exposure of any Sub-fund it manages either as:
- 34.2.1. the incremental exposure and leverage generated through the use of derivatives and forward transactions (including embedded derivatives as referred to in paragraph 19 (Derivatives: general)), which may not exceed 100% of the net value of the Scheme Property; or
  - 34.2.2. the market risk of the Scheme Property.
- 34.3. For the purposes of this section exposure must be calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements the positions.
- 34.4. The ACD must calculate the global exposure of a Sub-fund by using:
- 34.4.1. the commitment approach; or
  - 34.4.2. the value at risk approach.
- 34.5. The ACD must ensure that the method selected above is appropriate, taking into account:
- 34.5.1. the investment strategy pursued by the Sub-fund;
  - 34.5.2. types and complexities of the derivatives and forward transactions used; and
  - 34.5.3. the proportion of the Scheme Property comprising derivatives and forward transactions.
- 34.6. Where a Sub-fund employs techniques and instruments including repo contracts or stock lending transactions in accordance with paragraph 43 (Stock lending) in order to generate additional leverage or exposure to market risk, the authorised fund manager must take those transactions into consideration when calculating global exposure.

### **35. Cash and near cash**

35.1. Cash and near cash must not be retained in the Scheme Property of the Sub-funds except to the extent that, where this may reasonably be regarded as necessary in order to enable:

35.1.1. the pursuit of a Sub-fund's investment objectives; or

35.1.2. redemption of Shares; or

35.1.3. efficient management of a Sub-fund in accordance with its investment objectives; or

35.1.4. other purposes which may reasonably be regarded as ancillary to the investment objectives of a Sub-fund.

35.2. During the period of the initial offer the Scheme Property of the Sub-funds may consist of cash and near cash without limitation.

### **36. General**

36.1. It is envisaged that a Sub-fund will normally be fully invested but there may be times that it is appropriate not to be fully invested when the ACD reasonably regards this as necessary in pursuit of the investment objective and policy, redemption of Shares, efficient management of a Sub-fund or any one purpose which may reasonably be regarded as ancillary to the investment objectives of a Sub-fund.

36.2. Where a Sub-fund invests in or disposes of units or shares in another collective investment scheme which is managed or operated by the ACD or an Associate of the ACD, the ACD must pay to a Sub-fund by the close of business on the fourth Business Day the amount of any preliminary charge in respect of a purchase, and in the case of a sale, any charge made for the disposal.

36.3. A potential breach of any of these limits does not prevent the exercise of rights conferred by investments held by a Sub-fund but, in the event of a consequent breach, the ACD must then take such steps as are necessary to restore compliance with the investment limits as soon as practicable having regard to the interests of Shareholders.

36.4. The COLL Sourcebook permits the ACD to use certain techniques when investing in derivatives in order to manage a Sub-fund's exposure to particular counterparties and in relation to the use of collateral to reduce overall exposure with respect to over-the-counter ("OTC") derivatives; for example a Sub-fund may take collateral from counterparties with whom they have an OTC derivative position and use that collateral to net off against the exposure they have to the counterparty under that OTC derivative position, for the purposes of complying with counterparty spread limits. The COLL Sourcebook also permits a Sub-fund to use derivatives to effectively short sell (agree to deliver the relevant asset without holding it in a Sub-fund) under certain conditions.

36.5. No Sub-fund may invest in Shares of another Sub-fund within the Company.

### **37. Underwriting**

37.1. Underwriting and sub-underwriting contracts and placings may also, subject to certain conditions set out in the COLL Sourcebook, be entered into for the account of a Sub-fund.

### **38. General power to borrow**

38.1. The Company or the ACD may, on the instructions of the Company and subject to the COLL Sourcebook, borrow money from an Eligible Institution or an Approved Bank for the use of a Sub-fund on terms that the borrowing is to be repayable out of the Scheme Property.

38.2. Borrowing must be on a temporary basis, must not be persistent, and in any event must not exceed three months without the prior consent of the Depositary, which may be given only on such conditions as appear appropriate to the Depositary to ensure that the borrowing does not cease to be on a temporary basis.

38.3. The ACD must ensure that borrowing does not, on any Business Day, exceed 10% of the value of a Sub-fund.

38.4. These borrowing restrictions do not apply to “back to back” borrowing for currency hedging purposes (i.e. borrowing permitted in order to reduce or eliminate risk arising by reason of fluctuations in exchange rates).

### **39. Restrictions on lending of money**

39.1. None of the money in the Scheme Property of a Sub-fund may be lent and, for the purposes of this paragraph, money is lent by a Sub-fund if it is paid to a person (“the payee”) on the basis that it should be repaid, whether or not by the payee.

39.2. Acquiring a debenture is not lending for the purposes of paragraph 39.1, nor is the placing of money on deposit or in a current account.

39.3. Nothing in paragraph 39.1 prevents the Company from providing an officer of the Company with funds to meet expenditure to be incurred by him for the purposes of the Company (or for the purposes of enabling him properly to perform his duties as an officer of the Company) or from doing anything to enable an officer to avoid incurring such expenditure.

### **40. Restrictions on lending of property other than money**

40.1. Scheme Property of the Sub-funds other than money must not be lent by way of deposit or otherwise.

40.2. Transactions permitted by paragraph 43 (Stock lending) are not to be regarded as lending for the purposes of paragraph 40.1.

40.3. The Scheme Property of the Sub-funds must not be mortgaged.

- 40.4. Where transactions in derivatives or forward transactions are used for the account of the Company in accordance with COLL 5, nothing in this paragraph prevents the Company or the Depositary at the request of the Company: from lending, depositing, pledging or charging its Scheme Property for margin requirements; or transferring Scheme Property under the terms of an agreement in relation to margin requirements, provided that the ACD reasonably considers that both the agreement and the margin arrangements made under it (including in relation to the level of margin) provide appropriate protection to Shareholders.

#### **41. General power to accept or underwrite placings**

- 41.1. Any power in COLL 5 to invest in transferable securities may be used for the purpose of entering into transactions to which this section applies, subject to compliance with any restriction in the Instrument of Incorporation. This section applies, to any agreement or understanding: which is an underwriting or sub-underwriting agreement, or which contemplates that securities will or may be issued or subscribed for or acquired for the account of a Sub-fund.
- 41.2. This ability does not apply to an option, or a purchase of a transferable security which confers a right to subscribe for or acquire a transferable security, or to convert one transferable security into another.
- 41.3. The exposure of a Sub-fund to agreements and understandings as set out above, on any Business Day must be covered and be such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in the COLL Sourcebook.

#### **42. Guarantees and indemnities**

- 42.1. The Company or the Depositary for the account of the Company must not provide any guarantee or indemnity in respect of the obligation of any person.
- 42.2. None of the Scheme Property may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any person.
- 42.3. Paragraphs 42.1 and 42.2 do not apply to in respect of in respect of a Sub-Fund in case of COLL 5.5.9R (3).

#### **43. Stock lending**

- 43.1. As an extension of Efficient Portfolio Management techniques explained above, a Sub-Fund or the Depositary for the account of a Sub-Fund, may enter into certain stock lending arrangements. Under such arrangements the Sub-Fund or the Depositary transfers securities to a third party otherwise than by way of sale and it is agreed that those securities or securities of the same type and amount should be redelivered to the Sub-Fund or the Depositary at a later date. The Sub-Fund or the Depositary at the time of delivery receives collateral to cover against the risk of the future redelivery not being completed.
- 43.2. There is no limit on the value of the property of the Sub-Fund which may be the subject of stock lending arrangements.

- 43.3. Such arrangement must always comply with the requirements of the Taxation of Chargeable Gains Act 1992 and the requirements of the Regulations, as amended from time to time.
